

## The Yun Family's Ninth Child is an Imp! Chapter 2233

The reason why Mo Fangbing knew that Yun Chujiu and the other two were also assigned to the class of stars was because someone asked teacher Yu of the class of Moon, and she happened to hear it.

Yun chujiu nodded. "Sister fangbing, we know about this. Is there anything else that we should pay attention to?"

"The most important thing is to remember the content of the "Academy's Code". If you commit a crime, the corresponding points will be deducted. "The initial points for US freshmen are only 100 points. If we are deducted as negative points, we will be expelled from school," Mo Fangbing said seriously.

"Then how can we increase the points?" Yun chujiu was still thinking about those spiritual fruits. Once she earned enough points, she could pick the fruits.

"The top few in each test will be rewarded with corresponding points. In addition, those who contribute to the academy will also be rewarded with corresponding points.". "However, in general, it's not easy to get points. Therefore, memorizing the academy's rules is a top priority. Don't lose points."

Mo fangbing and the others had come to Xingtian Academy to report yesterday, so they were still familiar with some basic information.

Contribute to the Academy?

Yun chujiu blinked her eyes and had an idea in her mind. "Sister Fangbing, which department is in charge of the points? Lend Me Your Academy's Rules."

"The reward and punishment of the points go to the law enforcement department. Fangcao, why are you asking about this?" Although MO Fangbing did not understand, she still handed the 'Academy's Rules' to Yun Chujiu.

Yun Chujiu took the 'Academy's Rules' and flipped through it. Then, she handed it back to Mo fangbing. "I'm just curious. Let's go to the general affairs office to get the admission materials now!"

Mo fangbing saw that Yun Chujiu was unwilling to say, so she did not ask further. She led the three of them to the general affairs office.

The four of them walked for almost an hour before they arrived at the general affairs office. Perhaps because the school had just started, the general affairs office was bustling with activity.

After waiting for a long time, it was finally Yun Chujiu's turn. Yun Chujiu said with a smile, "Teacher, we are here to collect the admission materials."

The teacher raised his head and glanced at Yun Chujiu. He pulled a long face and asked, "Which class are you from? What's Your Name? Why didn't You Come Yesterday?"

“Star class, Xue Wuji, Jin Zhi, and Yun Chujiu.”

The long-faced instructor was stunned at first, then pursed his lips and said, “So it’s the three of you! No wonder your spiritual power is so low. I guess the odd-job workers here have higher spiritual power than you. You’re really three pieces of trash.”

Xue Wuji had been holding in his anger for a long time. Hearing his words, he couldn’t bear it anymore and said gloomily, “What did you say? Say It Again!”

When the horse-faced teacher saw that Xue Wuji’s eyes were filled with killing intent, he could not help but take two steps back, when he came to his senses, he immediately became angry from embarrassment. “Xue Wuji! What kind of attitude is this? I want to report you to the law enforcement department. You are disrespectful to the teacher. Just wait for your points to be deducted!”

Yun chujiu tugged at Xue Wuji, signaling him not to be rash. Xue Wuji snorted coldly. It was not easy for him to suppress the anger in his heart.

When the long-faced teacher saw this, he felt that Yun Chujiu and the others were frightened. He curled his lips and said, “A good-for-nothing should have the self-awareness of a good-for-nothing. You still want to Talk Back to your teacher? I think you want to be expelled!”

Xue Wuji's hands were cracking. If it were not for Yun Chujiu's Wink, he would definitely beat up this snobbish teacher.

The long-faced teacher said a few sarcastic words, but when he saw that Yun Chujiu and the others didn't respond., then, he curled his lips and took out four sets of supplies and threw them on the table. "Your supplies, hurry up and leave after you get them. You guys are simply embarrassing our Xingtian Academy."
