

The Yun Family's Ninth Child is an Imp! Chapter 2246

The law enforcement division instructors looked at each other. This Mo Fangcao was really capable of stirring up trouble!

It had only been two days since she had entered the school. First, she had beaten up the instructor of the General Affairs Division, then she had beaten up her own classmate. Now, she had plucked the academy's spirit fruit. Was she thinking of going to heaven?

Although some instructors felt that picking the spirit fruit wasn't a big deal, they would just deduct some points. Some teachers felt that if they carelessly settled the matter, the authority of the law enforcement department would be questioned by everyone. Thus, they had to punish Mo Fangcao and the other two.

Yun Chujiu and the other two were leisurely strolling around while chewing on the fruit.

At this moment, their identity jade plates trembled at the same time. After they sent their spiritual senses in, they looked at each other and found that the matter had been exposed!

"Little Jiu, is the law enforcement office looking for us because of Zhu Jingtie's matter or because of the spirit fruit?"

"No matter which matter it is, we have points, so why should we be afraid of Him? ! Let's go, we haven't been to the law enforcement office yet. Let's go for a stroll."

The corner of Jin Zhi's eyes twitched. Under normal circumstances, no one seemed to be willing to go to the law enforcement office for a stroll, right?

When the three of them arrived at the law enforcement office, they realized that there were already many students gathered outside the law enforcement office. Obviously, they had heard about this and came to watch the show.

Yun chujiu pouted. No matter when or where, there would always be bystanders. The flames of gossip would continue to spread!

Yun Chujiu entered the law enforcement office's house. When she saw di Shanshan, Xi Luoxia, and the others, her eyes deepened. She did not expect that other people would not dare to report it, but these idiots had come to report it. Good, very good. Xiao Hei had a few more people in his account book.

However, this fellow heaved a sigh of relief. It seemed that it was not because he had beaten up Zhu Jingtie. Stealing the spirit fruit would only deduct a few points. It did not matter!

Instructor Liu said sternly, "Mo fangcao, Xue Wuji, Jin Zhi, you stole the academy's spirit fruit. Do you know your mistake?"

Yun Chujiu said with a smile, "I know my mistake. I know my mistake!! The two of them didn't fight. I picked them all by myself. According to the rules of the academy, five to one hundred points will be deducted according to the severity of the plot. I only picked a total of eight fruits. Can you deduct five points from me?"

"Five points? You dare to pick them in broad daylight. You are really audacious! At least twenty points will be deducted! Although the two of them didn't pick them, they ate them together. This is collusion. Each of them will be deducted ten points," instructor Liu said sternly.

Yun chujiu couldn't help but feel regretful. If she had known this would happen, she would have prepared the nest for it. In any case, she would have deducted a hundred points at most.

Yes, she would do it when she had the chance. If these spiritual fruits were all picked, it would be enough to eat for several years.

Seeing that Yun chujiu had her head lowered and didn't say anything, teacher Liu's expression eased up a little. It seemed that she had realized her mistake. Even in his dreams, he didn't expect that this guy in front of him had already made up his mind to take the spiritual fruits together.

When teacher Liu saw that the three of them had confessed and was about to announce the punishment decision, teacher Pang walked in from outside. "What's going on?"

Teacher Liu told them what had happened, then lowered his voice and said, “Teacher Pang, do you think my punishment is still appropriate?”

Teacher Pang glanced at Yun Chujiu and the other two, then he said, “The punishment is too light! The points will naturally be deducted, but there will also be corporal punishment. Mo fangcao, Xue Wuji, and Jin Zhi, the three of you have repeatedly made mistakes, so you will be punished to clean the classroom for a month. Do you have any objections?”
