

The Yun Family's Ninth Child is an Imp! Chapter 2289

Great-grandfather ye asked ye Bingyu a few more questions, then he said, "You did a good job on this matter. The family's interests are first. Don't mention any personal grudges in the future. After lunch, accompany Mo Fangcao and come over. I want to see her."

Although great-grandfather ye believed 80% of Ye Bingyu's words, he still did not quite believe that part of the psychedelic forest. He felt that ye Bingyu had most likely suffered a loss at Mo Fangcao's hands, so he let go of Mo Fangcao.

Ye Bingyu nodded obediently and then left Old Master Ye's study.

When Ye Bingyu returned to the courtyard, she saw Yun chujiu lazily basking in the sun. After seeing ye Bingyu, she said weakly, "Sister Bingyu, you're finally back. I'm starving! Quickly get someone to prepare lunch!"

"Eat, eat, eat. Are You a pig? ! You only know how to eat all day long. Didn't you already eat two plates of snacks?" Ye Bingyu said unhappily.

Yun Chujiu said with a smile, "How can snacks be food? Besides, I came to the Ye family once. You Can't Let Me Go Hungry, right?"

Ye Bingyu glared at her fiercely and then asked the maid to go to the canteen to get food.

Yun chujiu followed ye Bingyu into the house. Ye Bingyu was originally waiting for Yun Chujiu to ask her about Old Master Ye. She didn't expect Yun chujiu to take out a handful of melon seeds and Munch on them, she had no intention of asking her at all.

Ye Bingyu could not hold it in any longer. "Why don't you ask me about what happened?"

Yun chujiu glanced at her. "You came back all of a sudden, and there is no special expression on your face. Then everything is going smoothly! Since that's the case, why should I ask you? It's not like I have nothing to do."

Ye Bingyu was rendered speechless by the rebuke. She opened her mouth and snorted coldly. "To tell you the truth, great-grandfather might not acknowledge you. Don't be complacent too early."

Yun chujiu looked at her as if she was an idiot. "What's there to be proud of?"? Let me tell you, I don't even care about the Ye family! My goal is to become a true disciple of a super sect like the primordial chaos sect and the killing origin sect. When that time comes, I still have to consider if the Ye family wants to carry My Shoes!"

Ye Bingyu was stunned at first, then she laughed so hard that tears flowed down her face.

“Mo Fangcao, are you out of your mind? You? A true disciple? Even with Ye Bingying’s outstanding talent, she is only an outer disciple of the Hunyuan sect. Don’t even dream about it!”

Yun chujiu smiled. “Everyone has their own dreams. Seven years ago, I was just a good-for-nothing who could not cultivate. Now, I have entered the Xingtian Academy. “As long as I want to, there’s nothing I can’t do. If you don’t believe me, we’ll just wait and see.”

“HMPH! We’ll just wait and see. Who doesn’t know how to boast? !”Ye Bingyu was very unwilling to admit it, however, she felt that Yun Chujiu, who was exuding a confident glow at this moment, was indeed much more beautiful than her. In fact, she was even more beautiful than everyone she had ever met.

While the two of them were eating, housekeeper Fu came over and said that old master ye had an urgent matter to attend to. He asked Yun Chujiu to meet him at night.

Seeing that Yun chujiu nodded in agreement, housekeeper Fu left in a hurry.

Yun Chujiu and Ye Bingyu had lunch. While they were drinking tea, Ye Bingyu’s maid, Liu Li, rushed in with a maid, the maid said anxiously, “Miss! Old Madam called Madam over to set the rules again. I don’t think we can be friendly today. You should hurry over and take a look!”
