

## The Yun Family's Ninth Child is an Imp! Chapter 2327

“Even if what you said makes sense, didn’t you fall into the volcano? Why aren’t you dead?” Ye Bingyu was a little girl after all, so her curiosity overcame her resentment.

Yun chujiu smiled mysteriously. “Sister Bingyu, let’s go to the courtyard. I’ll show you something good.”

Ye Bingyu didn’t understand and followed Yun chujiu into the courtyard. Yun Chujiu threw the three-eyed purple-tailed iron claw sculpture on the ground, and the huge corpse immediately occupied the entire courtyard.

Ye Bingyu didn’t have time to feel sorry for the crushed flowers and plants. She was so shocked that she couldn’t speak.

She carefully walked closer and carefully looked at it. She stuttered, “This... This is a level 45 three-eyed purple-tailed iron claw sculpture?”

Yun chujiu nodded. “That’s right. I heard that the leather of this thing is a good material to make boots. I’ll give you a pair when the time comes.”

“Really?” Ye Bingyu was pleasantly surprised. The boots made of the three-eyed purple-tailed iron-clawed eagle’s leather not only had a defensive function, but also could increase the wearer’s speed.

However, the three-eyed purple-tailed iron-clawed eagle was very difficult to capture by cultivators, so the boots made of its leather couldn't be bought even if one had money.

“Of course it's true. I've told you that if anyone treats me well, I'll repay them very well! Once I die, you'll be so sad. Naturally, I'll treat you as a good sister.”

Yun chujiu had always thought that if you treat others well, you shouldn't be embarrassed to say it. Not everyone was a clever person, and not everyone knew who to thank for their kindness. Therefore, when it was time to show off, they had to show off.

As expected, Ye Bingyu was very touched. Although she didn't say anything, she remembered Yun Chujiu's kindness.

Yun chujiu put the three-eyed purple-tailed iron claw eagle back into her storage ring, and the two of them returned to the house.

“Little Jiu, how did you get this three-eyed purple-tailed Iron Claw Eagle?”Ye Bingyu asked curiously.

Yun chujiu giggled. “Didn't I Fall Down? When I saw the fire below, I felt that I was doomed. Fortunately, with the golden umbrella that my grandfather gave me, I survived for a while. Fortunately, although the mountain was extremely hot, there was no intense fire.

However, the mountain peak was sealed, so I had no way to come out. After a long time, I still couldn't find a way out.

Just as I was frowning, I heard the sound of a Demonic Beast's claw pulling at a rock. I was scared half to death and hid behind a rock. Soon, a basin-sized hole appeared on the rock wall, a claw covered in fiery red fur extended from outside. Guess What Kind of demonic beast that is?"

Ye Bingyu's heart was in her throat as she shook her head. "How would I know? ! Tell me quickly, don't keep me in suspense!"

"After a while, the cave entrance became bigger and bigger. A level 45 fire eating Xiu actually entered. I was so scared that I almost fainted. How could I be a match for that thing? !"

At this critical moment, a bird's call came from outside. The Fire Eating Xiu was attracted by the bird's call and turned around to walk out. I heard the intense sounds of fighting outside. I gritted my teeth and walked to the cave entrance to carefully look outside. I discovered that it was actually a three-eyed purple-tailed iron-clawed eagle fighting with the Fire Eating Xiu.

Although the three-eyed purple-tailed iron-clawed eagle was powerful, the Fire Eating Xiu was even more powerful. After more than an hour, the three-eyed purple-tailed iron-clawed eagle was killed.

At this moment, another three-eyed purple-tailed iron-clawed eagle flew over. It was probably the original one's companion. They were fighting with the Fire Eating Xiu. I took advantage of the fact that they were fighting in the distance and both sides were injured, I collected the three-eyed purple-tailed iron-clawed Eagle's corpse and escaped in the chaos.

"TSK TSK, how is it?" "Only a smart person like me can benefit from a disaster. Not only did I survive the disaster, but I also obtained the corpse of a three-eyed purple-tailed iron-clawed eagle. Are you convinced?" Yun Chujiu said smugly.
