

The Yun Family's Ninth Child is an Imp! Chapter 235

"Since you're prepared, then go and get the Spirit Stones with someone!" The corner of Master Xuanyuan's eyes twitched. 'A thousand Spirit Stones of interest per month... Why don't you go and rob instead?!

"Alright! If you don't need it, then forget it. If someone else wanted to borrow from me, I would've charged 2,000! Once this ship sails, it'll be hard to come by again!"

Master Xuanyuan waved his hand. 'I can't afford your Spirit Stones!'

Yun Chujiu hopped around and decided to bring Yun Chusi along with an elder to collect the 10,000 low-grade Spirit Stones. Yun Chusi's storage bag could not hold all of it, so Yun Chujiu asked Yun Chusi to bring his own storage bag as well. After much difficulty, she finally stuffed the 10,000 Spirit Stones into the bags.

Yun Chusi was scared silly by so many sparkling Spirit Stones. 'My goodness, has the sect master gone mad?! He actually rewarded Little Jiu with so many spiritual stones!'

Yun Chusi felt that he could not even roam the streets anymore. He was really scared to have such a huge amount of stones on him, afraid that he would be targeted by others.

"Fourth brother, give me that storage bag. We can't put our eggs in the same basket at the same time. You know, just in case!" Yun Chujiu said with a smile.

Yun Chusi felt that these two storage bags with a huge amounts of stones were like hot potatoes. Hearing Yun Chujiu's words, he hurriedly handed the storage bag to Yun Chujiu.

Yun Chujiu stuffed the storage bag into her bosom, but in fact, she stuffed it into her storage ring. Then, she hopped back to their respective dorms with Yun Chusi.

When Yun Chujiu arrived at the dorms, she poured all the Spirit Stones on the floor of the house and cackled, "I'm rich! I'm rich!"

'Master, that's enough! The gigolo has given you more than this, but I've never seen you so happy!' Little Black stared at her with his pea-sized eyes. He could not bear to look at her.

"How can it be the same? He gave it to me as if it was a master sending a servant girl away. I earned this myself! In the future, I'll earn a lot of money and raise a lot of gigolos. Cold, evil, abstinent..." Yun Chujiu sat in the pile of Spirit Stones and kept talking while counting her fingers.

Just as Yun Chujiu was talking happily, the door was blown to smithereens!

When the little black bird saw the person standing outside, it felt that it was really a jinx. Every time its master got into trouble, it seemed to be the one who started the conversation. 'Master, just say it. Why didn't you say it in your mind? Why did you have to say it out loud?' This was not its fault! It asked with its mind!

Yun Chujiu did not need to turn around to know that it was the gigolo! This gigolo was born to be at odds with the door. The five elements people usually lacked in were metal, wood, water, fire, and earth, while he was lacking the door!

She acted as if nothing had happened. She turned around and smiled at Di Beiming, whose face was ashen. "Prince Charming, you're here? Are you angry? I did it on purpose! I knew you were outside, so I deliberately angered you! Who asked you to leave for such a long time? I'm going crazy being tortured by lovesickness!"

"So, what you said just now was crazy?" Di beiming stared at Yun Chujiu gloomily.

Yun Chujiu's heart was beating fast. She did not know how much the gigolo had heard. However, she pretended to be calm. "Of course it's crazy! I only took one scoop of wine. With you, my Prince Charming, all the other men are eunuchs to me! They're all sissies! They're all just floating clouds!"

"Where's that idiot in red?" Di Beiming remembered what the voice transmission talisman said, and he was furious.

"Who's the idiot in red?" Yun Chujiu really had no clue this time.

"HMPH! It's that idiot in red that you mentioned in your voice transmission talisman! Black Thing, you're really capable. I've only left for a short while, and you've already hooked up with another man. Do you take my words that lightly?" Di Beiming thought that Yun Chujiu was playing dumb, and he was so angry that he gritted his teeth.
