

## The Yun Family's Ninth Child is an Imp! Chapter 2365

Ye Bingying was stunned. "It wasn't arranged by you, Mother? Could it be that grandmother sent someone to do it?"

Liu Shi shook her head. "Last time, your grandmother sent someone to intercept and kill Yun Chujiu. Although the old master and your grandfather didn't investigate further after that, your grandmother would have restrained herself. It doesn't seem like what your grandmother did."

"Since it wasn't you or grandmother, could it be that Yun chujiu was really unlucky and that's why the array was broken? Haha! It's really retribution!"

Ye Bingying's expression was so excited that it was slightly distorted. During this period of time, her cultivation had not improved because of the Inner Demon Yun Chujiu. Now that that B \* Tch had received retribution, she could finally cultivate in peace.

..

Hei Qiong reported the contents of the report to Old Master Ye. "Master, according to the information that old madam and eldest madam received, this matter should have nothing to do with them.

"However, the first madam has indeed arranged for manpower in the Heaven Punisher Academy. We will find out the candidate as soon as possible."

Great-grandfather ye frowned. If it wasn't them, could it be that little jiu had offended someone else? Let's hope that Tian Dao will bless and let little jiu be safe and sound!

A certain Jiu in the divine axe heavenly pit was routinely cursing. "Damn it! If this old lady finds out who set me up, I will definitely kill him."

Jin Zhi rolled her eyes, "That's enough. You're not tired from cursing, but I'm tired from listening to you! I think this time, it shouldn't be the artifact spirit of this heavenly pit. If there was an artifact spirit in this heavenly pit, would Xue Mo be able to do whatever he wanted?"

"I'm just trying to lure out the artifact spirit!" After cursing for two days, there was still no movement. It seemed that this time, it wasn't the artifact spirit's fault. "Someone must be scamming us. It might be someone from the Ge Shi or Liu Shi." Yun chujiu sighed and said.

At that time, this guy was dreaming. After he left, he would definitely be thanked by everyone and praised by the academy. Furthermore, he would become the top student of the academy. He had even prepared his speech. In the end, he was scammed!

One could imagine how depressed this guy was.

Xue Wuji walked over and advised, "Little Sister Jiu, Jin Zhi, don't be too pessimistic. Perhaps the academy will send people to save us."

“Aiya, if they could come down, they would have come down long ago. I reckon that there’s something wrong with the teleportation array. “Although we won’t have to worry about eating and drinking here, I won’t be able to see any gigolos in the future. “If I can’t get out, the gigolos that I’ve fattened up with great difficulty will be given to other fairies!”

The corners of Xue Wuji and Jin Zhi’s eyes twitched. Why did this word sound so awkward? A pretty boy that fattened up? It sounded more like a pig that fattened up..

Jin Zhi recalled that an Feng’s face had also turned pale, and Xue Wuji’s mind was filled with thoughts of, pui! ! Why would this young master think of that damnable woman? !

For a moment, the three of them did not speak, and the atmosphere was very depressing.

“Alright! Being pessimistic and sad is not going to solve the problem. I don’t think we can count on the people outside! “The Pretty Boy and an Feng won’t know about us for a while. I don’t think the people from Xingtian Academy will be able to come in any time soon. Let’s think of a way to save ourselves.”

Yun Chujiu’s self-recovery ability was very strong. Just a moment ago, she was just a withered grass, but now, she was fully recovered!

Xue Wuji glanced at her. "How do we save ourselves? We were transported here by a teleportation array. That means there's no exit here."

"Tch!" Is there no exit in this world? If there's no door, we can go through the window. If there's no window, we can F \* cking make a window! I don't believe it. Even if we're inside an egg, we should be able to get out by breaking the eggshell, right? !"Yun chujie straightened her back, she said confidently.
