

The Yun Family's Ninth Child is an Imp! Chapter 2394

Just as Yun Chujiu was thinking about it, she heard Xue Wuji say, "Little Sister Jiu, I might be about to break through!"

After Xue Wuji finished speaking, he sat cross-legged on the podium and began to break through.

Although everyone was a little surprised, when they thought about how Xue Wuji was only at the first level of the Lingxuan realm, it was normal for him to break through. It was just that the place he chose to break through was a little hindrance.

Before Yun Chujiu could react, she heard Jin Zhi say from the side, "Little Jiu, I seem to be about to break through too."

After Jin Zhi finished speaking, she also went to the podium and sat cross-legged, starting to break through.

Everyone's discussion became louder. They did not expect that the two of them would actually break through at the same time. However, this was also normal. After all, when a person was about to break through, it would attract an extremely weak trace of heavenly secrets. This way, the people next to them might have the opportunity to break through as well.

When teacher Du, who was teaching the beast taming class, walked into the classroom, he found two students sitting cross-legged on the podium. Although this kind of thing was relatively rare, it was still something that could be seen occasionally, so he was not too surprised.

Teacher du walked to the other side of the podium and began to lecture.

The first grade beast taming class was about the characteristics and weaknesses of some demon beasts. Yun chujia listened with great interest because knowing more about demon beasts was beneficial for her to better fool the beasts in the future!

Halfway through teacher Du's class, Xue Wuji's body burst out with a dazzling light. Everyone knew that he had succeeded in breaking through.

Sure enough, after the light disappeared, Xue Wuji's spiritual power level changed to the second layer of the Lingxuan realm. However, Xue Wuji did not open his eyes. Everyone thought that he was stabilizing his realm.

At this moment, Xue Wuji's body actually emitted a dazzling light again. Everyone cried out in surprise. Could it be that he had broken through again? It couldn't be?

After the light dissipated, Xue Wuji's spiritual power level had changed to the third layer of the Lingxuan realm. However, Xue Wuji still did not open his eyes and continued to maintain his meditative posture.

Everyone was dumbfounded. Could it be that he could continue to break through?

Before Xue Wuji could break through again, everyone discovered that Jin Zhi's body next to him flickered with a dazzling light. If one looked closely, there were even strands of golden light within.

After the light dissipated, everyone saw that the level of the spiritual power on Jin Zhi's body began to soar. She was at the second level of the spiritual profound realm, the third level of the spiritual profound realm, and only stopped when she reached the fifth level of the spiritual profound realm.

Everyone's mouths could not close. Oh God, what kind of monster was this! She had actually risen four levels in a row?

At this moment, Xue Wuji's body shone with light again. His spiritual power level had broken through to the fourth level of the spiritual profound realm, but he still did not open his eyes.

Everyone could not help but hold their breaths. Could it be that Xue Wuji could continue to break through?

After another half an hour, Xue Wuji's body flashed with light again. This time, the light was even more dazzling. When the light dissipated, Xue Wuji's spiritual power level began to soar. Fifth level of the

Lingxuan realm, sixth level of the Lingxuan realm., it only stopped when he reached the seventh level of the Lingxuan realm.

Yun chujiu blinked her eyes. Her companions had all leveled up. Was it not good that she was so weak? Hence, this fellow cried out, "Aiyo, I'm about to break through too!"

Everyone's eyes gathered on Yun Chujiu. They saw her sitting cross-legged on the podium, pretending to meditate for a while. Then, the spiritual power in her body began to surge. Fourth level of the spiritual profound realm, fifth level of the spiritual profound realm., it did not stop until she reached the sixth level of the spiritual profound realm.

The reason this fellow chose the sixth level of the spiritual profound realm was because she had a straight flush from the fifth, sixth, and seventh level! Well, actually, this fellow was already used to pretending to be a pig to eat a tiger, and did not hide two levels of strength. She felt that it was not in line with her principles in doing things. A certain Jiu was a very principled person!
