

## The Yun Family's Ninth Child is an Imp! Chapter 2454

After Yun Chujiu told di beiming about the exsanguination, she waited for di Beiming's reply with trepidation.

She could foresee the storm of scolding. After all, di beiming had told her last time that he would never allow her to exsanguinate again.

After a while, the sound transmission talisman started to vibrate.

Yun chujiu did some mental work for a while before she sent her spiritual sense into the sound transmission talisman.

"Okay, I got it."

What?

It was that simple?

He didn't blame her? Did the gigolo take the wrong medicine?

Yun Chujiu felt that the situation was a little strange, but it was better not to be scolded. The gigolo was probably faking it, but he was actually very angry in his heart. He would deal with her next time they met. It must be like this.

..

Perhaps it was because di Beiming's threat to ye Xinwan last time was effective, so she didn't find trouble with Yun Chujiu again.

Doctor Deng did as Yun Chujiu said and proposed two conditions to ye Xinwan and Liu Shi. Although ye Xinwan and Liu Shi were very reluctant, they could only grit their teeth and agree for the sake of their daughter's appearance.

Ye Xinwan and Liu Shi's private savings were almost all spent after this. One could imagine the pain in their hearts.

Even though ye Xinwan and Liu Shi had sworn an oath, doctor Deng still moved away from ye city after the matter was over. After all, 50 million high-grade spirit stones were enough to open a pharmacy anywhere.

After fan suxue's appearance was restored, ye Xinwan also returned to the fan family.

After earning another wave, Yun Chujiu suggested to old master ye that she return to Xingtian Academy. Old Master Ye sent a full 100 guards to protect her in case of danger along the way.

Yun Chujiu returned to Xingtian Academy safely.

When this fellow saw the gate of Xingtian Academy, he couldn't help but sigh. I, Yun Chujiu, have returned! Students, tremble!

As expected, when the Xingtian Academy students saw that Yun Chujiu had returned, they all took a detour, afraid that she would extort them.

Yun chujiu touched her nose. Was it necessary? Didn't she just extort a few people? She was a very reasonable and good student.

She still didn't know that the matter of her extorting Liu Jinluan at the entrance of the WA Rock Academy had already spread. Everyone thought to themselves, this fellow even dared to extort a first-class family's daughter, let alone them. It was safer to stay away from her.

Yun chujiu hopped into Dean Gongsun's study. Dean Gongsun did not say anything. After all, there was a reason for this matter. After saying a few words, he made her leave.

Yun Chujiu returned to the dormitory and saw Xue Wuji and Jin Zhi. She briefly told them about the matter.

"Is there anything going on in the academy recently?" Yun chujiu took the recording stone that Jin Zhi gave her and asked casually.

"Nothing major, but there is something strange. The brother of Zhu Jingtie who died, Zhu Jingtong, has been growing very fast recently. It is said that he got an opportunity during the test." "Little Sister Jiu, he has always been hostile to you. You should be careful in the future," said Xue Wuji.

Yun chujiu nodded. She did not care too much. In the academy, Zhu Jingtong did not dare to do anything.

After Jin Zhi and Xue Wuji left, Yun chujiu chewed on the spiritual fruit while listening to the lessons recorded by Jin Zhi, in case she couldn't keep up with the progress of the lessons.

The next day, teacher Dong saw that Yun Chujiu didn't ridicule her, but when the lessons were over, he said, "Although some people's spiritual power has already reached a medium level, if they fish in three days and fish in two days, I'm afraid they won't be able to learn the illusion technique of spiritual power in their lifetime."

Yun chujiu was already used to this teacher Dong's way of speaking. She knew that this was meant for her to hear. She stood up and said clearly, "Teacher Dong, thank you for your teachings. I will make up for the lessons that I have missed."
