

The Yun Family's Ninth Child is an Imp! Chapter 2457

"Teacher Yang, is what you said true? If I draw it, will you allow me to listen in in the future?" Yun chujiu asked with a smile.

Teacher Yang nodded. "Of course. If you can do it, I will allow you to listen in on my lessons in the future."

Yun chujiu asked he hongquan to move aside. She left her seat and walked to the podium. Then, she asked teacher yang very naturally, "How do I Draw?"

Teacher Yang almost fainted from anger. What did she mean by how do I draw?

Yun chujiu saw teacher Yang's dumbfounded face and quickly added, "What I mean is, how do I demonstrate? Do I use a talisman brush to draw?"

Teacher Yang said unhappily, "How else do you think I would draw? Could it be drawing with my finger?"

Yun chujiu complained in her heart. What's wrong with using her finger to draw? I can use my finger to draw! Don't see too much of it!

Even though this fellow was complaining, she still obediently took out the talisman pen from her storage ring and walked to the operating table.

There were ready-made talisman papers and Demon Beast Blood on the operating table. Yun chujiu picked up the talisman pen and dipped it in demon beast blood. Everyone thought that when she started drawing, this fellow threw down the talisman pen and ran to the front of the shadow stone.

Although everyone did not dare to laugh out loud, they all had gloating expressions on their faces. This Yun Chujiu was now on the sedan chair and her ears were pricked. Could it be that she thought that she would be able to successfully draw it just by looking at it for a while? Dream On!

He hongquan's hands were tightly clenched. There was only one wish in his heart, and that was that Yun chujiu could not draw it. That way, he would no longer be a threat.

Teacher Yang watched Yun Chujiu's actions coldly from the side. His expression was full of contempt. Although this Yun chujiu was very smart and her spiritual power had improved, she thought too simply about talismans!

Only one person out of a thousand cultivators could draw talismans, and only one person out of a thousand who could draw talismans could become a talisman master.

Only one out of ten thousand talisman masters could draw high-grade talismans. So, did this little girl Yun Chujiu think that she could draw just by looking at it? She really overestimated herself!

Yun chujju looked at it for a while and then raised her paw. “Teacher Yang, I found a problem. Can you please answer it?”

Teacher Yang curled his lips and said, “What problem? Don’t drag it out. If you don’t meet the standard, even if you find the Dean to talk to you, I won’t allow you to listen.”

Yun Chujiu said with a smile, “It’s not a big problem. Can you lend me the ruler?”

Teacher Yang was stunned and a strange thought arose in his mind. Could it be that this yun chujju wanted to hit someone with the ruler?

Although teacher Yang was suspicious, he still handed the ruler to Yun Chujiu. The students sitting at the front subconsciously shrank back. This little devil had a criminal record. He would beat people up if they didn’t agree with him, it was better to be careful.

Yun chujju was really mean. She deliberately shook the ruler, scaring the few students so much that their hearts almost jumped out.

After Yun Chujiu broke the ruler., then, she raised the ruler and pointed at a spot on the shadow stone. “Teacher Yang, I feel that the lines here are a little strange. If this is a real talisman, I’m afraid that when it is activated, the power of the Earth cracking talisman should be only one-tenth of the normal talisman, or even less.”

Although the students below were a little afraid that Yun chujiu would find fault, they still laughed out loud. was this Yun Chujiu’s brain sick? Would teacher Yang use a problematic talisman to demonstrate?

Who Did she think she was? Coming here to act like a big clove of garlic, she really overestimated herself and brought disgrace upon herself!
