

## The Yun Family's Ninth Child is an Imp! Chapter 2460

Teacher Yang's voice was slightly trembling. "Teacher Yuan, show me the description of the Shadow Stone."

Teacher Yuan saw that teacher Yang's expression was not good and his voice was trembling. He felt that teacher Yang must be very angry. He quickly showed teacher Yang the relevant records of the shadow stone.

The other teachers also gathered around. On the Jade Slip, it was written: Shadow Stone number 159, a failure case of the Earth splitting talisman. During the process of drawing the talisman, the spiritual power of the talisman was not sufficient, and the strength of the talisman was obviously weakened at one-tenth of the pattern.

Although the talisman was barely completed after adjusting the spiritual power, this talisman was only slightly stronger than the useless one. This case mainly emphasized to the students that during the process of drawing the talisman, the output of spiritual power must be uniform. Even the slightest difference would result in a great difference in the power of the talisman.

Teacher Lu walked to the back of the shadow stone and indeed found the number in the lower right corner. It was indeed 159. It seemed that this shadow stone was indeed a defective product, a failure case.

Teacher Yang's head buzzed. It was teacher Lu and the other teachers who helped to get the correct shadow stone. This shadow stone with the number 159 did not return. They wanted to stay and study it again.

Teacher Lin and teacher Yuan exchanged some pleasantries before leaving.

The atmosphere at the talisman seal was very awkward. They felt their faces burn. They had participated in the discussion just now, Belittling Yun Chujiu to the point that she was worthless, they ridiculed her for being a little girl who did not know the immensity of Heaven and earth.

In the end, now, it was a slap in the face!

Especially teacher Yang. His face hurt as much as he scolded her previously.

Teacher Lu was obviously more open-minded. He smiled and said, "Alright, it's inevitable for people to be negligent. It's a good thing that we discovered it earlier. It can also be considered as a lesson for us."

As teacher Lu spoke, he walked up to the shadow stone and carefully observed it. He really did discover the subtle differences in the lines, he could not help but sigh as he looked at it. "If I didn't deliberately observe it, I really wouldn't have noticed it. Tell me, how did that Yun Chujiu discover it?"

With teacher Lu's words, the awkward atmosphere in the room finally eased up a little. A few teachers gathered around and also carefully observed the earth fissure rune patterns on the shadow stone.

They had taken it for granted before, so they did not take a closer look. Now that they had seen the problem, their old faces flushed red.

Teacher Yang's face was as red as a monkey's butt. With great difficulty, he managed to squeeze out a sentence, "Next time during the talisman class, I'll ask that little girl."

Everyone knew that he was embarrassed, so they all changed the topic. The awkward atmosphere in the room was finally resolved.

A certain Jiu did not know that because of her words, the teachers at the Talisman Office were all embarrassed. She was sitting across from Tian Dao cliff, chatting with Tian Dao cliff.

Yun chujiu was talking about the trivial matters of the ye family. As for the Heavenly Dao Cliff, it had been lonely and cold for so many years. Even the trivial matters were listened to with great interest. Occasionally, she would even help Yun chujiu scold them.

The Sun was setting in the west. Yun chujiu stood up and stretched. "Little Tian Tian, I'll come and chat with you another day. I'm leaving!"

"Wait, I remember something. There was a strange person. He seemed to want to go down to the bottom of the valley. I used some divine powers, but he didn't succeed."

“Who is it?” Yun chujia thought of the Divine Axe Heavenly Pit teleportation formation. She felt that it might be related to the person that Tiandao cliff mentioned.
