

## The Yun Family's Ninth Child is an Imp! Chapter 2471

That night, the three of them did not return to Xingtian Academy. Instead, they stayed in the house for the night.

The next day, after breakfast, Yun Chujiu and the other two left the house and went to the grocery store.

When they arrived at the grocery store, Yun Chujiu said to the shop assistant, "I want all the Talisman Papers Here! Also, give me 200 talisman pens."

The shop assistant:"..."

"Miss, you... You're not joking, right?"The shop assistant wondered if she was still asleep? She wanted all the talisman paper in their store? And 200 talisman pens? Was she planning to use the talisman paper as firewood? Or to use the talisman pen as chopsticks?

Yun chujiu widened her eyes. "This shop assistant of yours is really interesting. Of course, I'm not joking. I'll give you as much money as you want! Hurry Up!"

Although the man still felt that this matter was ridiculous, he still let the cashier do the calculations and said, "Miss, thank you for your patronage. A total of 5.6 million upper-grade spiritual stones."

Yun chujiu nodded and readily transferred the spiritual stones to the cashier.

Only now did the clerk believe that this person was really a big customer. The smile on his face suddenly became much more sincere, and he transferred the talisman paper and the talisman pen to Yun Chujiu.

Yun Chujiu bought a bunch of miscellaneous things and then left the grocery store.

The three of them strolled around for a while, and when they were about to find a restaurant to eat, they met Liu Jinluan and his sister.

Liu Jinluan saw Yun Chujiu and wanted to go forward to seek revenge, but she was stopped by Liu Pinyan. Liu Jinluan glared at Yun Chujiu viciously and then left.

Yun chujiu didn't put them in her eyes at all. Anyway, there were a lot of people who hated her, so she didn't need these two garlic heads.

After the three of them had lunch, they strolled back to Xingtian Academy.

Yun Chujiu returned to her courtyard and rested for a while. Then, she took out the ball of yarn and asked about the great void mirror.

“Ball of yarn, what new abilities does Little Jingjing have now? Can she take out the earth-grade herbs inside? Can the high-level demon beasts inside help me fight the enemy?”

Mao Mao Qiu trembled slightly. “Well, master, it’s not that we can’t take them out now. The main thing is that there aren’t too many high-level herbs and demon beasts inside the Great Void Mystic Realm Right Now!”

Yun Chujiu was stunned. She recalled that there really didn’t seem to be any high-level herbs and demon beasts inside the Great Void Mystic Realm. Then why did she go through so much trouble to find the fragment? Was she being played?

Mao Qiu saw that the pressure on Yun Chujiu’s body was getting lower and lower, she quickly explained, “Master, master, don’t be angry. The thing is, Xiao Jing Jing said that when you find the other fragment, it will become your interstitial space. It will grow along with your spiritual power. When that time comes, you will have both heaven-level herbs and high-level demonic beasts.”

“Bullsh \* T! I finally realized that the three shameless people in My Dantian are all scammers! Damn Xiao Jing Jing, it is using me! What BULLSH \* t interstitial space? When I find the remaining fragment, it might not be able to do anything to me!” Yun Chujiu was absolutely furious.

Mao Mao Qiu said with a trembling voice, "Master, master, Xiao Jing Jing said that it saved you once. You, you can not be ungrateful."

Yun chujia almost choked with anger!

"I'm ungrateful? It ate, drank, and lived in my house. And who was it that went through so much trouble to find those seven fragments? It's me, it's me, it's all me! Tell it, if it dares to lie to me again, I'll smash it into a sky full of stars in the future!"
