

## The Yun Family's Ninth Child is an Imp! Chapter 2481

Yun chujiu used her soul consciousness to probe into the storage ring and found a jade token of Xingtian Academy. She didn't expect the dead man to be from the Beast Master Department. She thought he was from the array formation department.

However, it was also true that this way of doing things was hidden. She guessed that he had used the opportunity of patrolling to tamper with the teleportation array.

Just as Yun chujiu was frowning and deep in thought, she heard the sound of someone taking aim.

She turned her head suspiciously and saw that the fire eating Xiu had turned into a kitten once again. It was crying out with a face full of despair.

Yun Chujiu was dumbfounded. What was going on? Could it be a sequela?

Yun chujiu once again established an equal contract with the Fire Eating Xiu. Then, she asked, "Kitten, what's Going On? Why did you turn back?"

The Fire Eating Xiu shook its head. It was also very helpless, okay? It was not easy for it to be so awesome, but it actually changed back. It simply did not want to live anymore!

Yun chujiu frowned. "It's probably because that bastard forcefully cut off the contract between you and me, causing your spiritual sense to be damaged. That's why it's like this. "This is a spirit replenishing pill. You eat one pill a day. When your spiritual sense recovers, it will probably be fine."

Fire Eating Xiu looked at the spirit replenishing pill with a look of disgust. It had a negative effect on human medicinal pills now. would eating this thing have any negative effects?

After Yun Chujiu cleaned up the traces on the ground, she left the cave.

At this time, the Moon had already risen. After all this trouble, it was already 11 am.

Yun Chujiu asked the Heavenly Dao cliff to bring her up. Xue Wuji and Jin Zhi were waiting anxiously.

Although they really wanted to go down and save her, they knew that if they went down, they would be a burden, so they could only wait up there.

The three of them then left Tiandao Cliff and headed towards the dormitory.

Along the way, they met the patrolling guards. Yun Chujiu pulled the kitten out and scolded, "Don't mention it! This damn kitten ran away. We finally found it after much difficulty."

Those guards all knew that Yun chujiu filled the entire academy with cats, so they didn't suspect anything and let the three of them go.

In fact, according to common sense, running around the academy at night would deduct points. However, Yun Chujiu was too famous, so these guards turned a blind eye to it.

When the three of them arrived at Yun Chujiu's dormitory, Yun Chujiu told them everything in detail.

Xue Wuji and Jin Zhi felt a sense of panic and worry. They didn't expect that the immortal essence continent had the power of the Divine Devil Hall. It seemed that the immortal essence continent didn't know anything about this. As time went on, the immortal essence continent would be in danger.

"Little Sister Jiu, what should we do next? Who Do you want to tell this news to?"Xue Wuji asked.

Yun chujiu smiled bitterly. "Brother Wuji, do you think that if I tell others about the Divine Devil Hall, they will believe me? They must think that I'm talking nonsense!"

Xue Wuji Sighed. "You're right. Our words are light, and no one would believe us even if we told them. "It seems that we can only take things one step at a time. The Immortal Yuan continent is full of talented people, and the Divine Devil Hall shouldn't be able to create any waves in the short term."

Yun Chujiu and Jin Zhi also agreed with Xue Wuji's words. They could only hide this matter for the time being and announce it to the world when there was a chance in the future.

Jin Zhi asked curiously, "Little jiu, why did that person want to catch the kitten? Why Do I feel that he didn't use the kitten to threaten you. Instead, he seemed to be targeting the kitten."

Yun chujiu didn't think too much about it just now. Now that she thought about it, it was just as Jin Zhi said. That person seemed to be targeting the kitten this time. What did he want to do?
