

## The Yun Family's Ninth Child is an Imp! Chapter 2493

The monster was the size of a small hill. It also had arms and legs that looked like those of an octopus in the sea. It danced up and down. It was hard to tell how many arms and legs it had. Moreover, there were a few students on some of its arms and legs, it seemed that it was already dead.

The monster's entire body was blood-red in color. It let out a strange hissing sound from its mouth.

Liu Jinluan and the others were so scared that their legs turned to jelly. They finally understood why ye Bingyu said there was a monster. This was indeed a monster, a monster that they had never seen in the Demonic Beast Encyclopedia.

After everyone reacted, they ran away.

However, it was still too late. The monster's limbs could actually grow longer, and more than ten of them suddenly stretched out and wrapped everyone up.

Everyone took out their weapons and hacked at the monster's limbs in an attempt to escape. However, they did not expect that the monster's limbs were extremely hard. No matter how they hacked or burned it, there was no damage at all. Instead, everyone was strangled until they could not breathe.

The monster hissed as it stuffed a student who had already died into its mouth.

When Liu Jinluan saw the scene in front of her, she directly fainted from fright. The rest of the people weren't any better. They were simply regretting what they had done. If they had listened to ye Bingyu and followed her to escape, they wouldn't have ended up like this. It could only be said that they had brought this upon themselves.

The monster had eaten four to five people. It was probably full, so it didn't continue to eat the rest of the people. It only used its wrists and feet to strangle them in case they escaped.

After Liu Jinluan woke up, she found that her life was not in danger for the time being. A vicious look flashed in her eyes. "I'll bring you to find more people. Then, can you let us go?"

The monster's eyes rolled around, but there was no reaction.

"Among the people who escaped in front, there is a little girl with a Heavenly Thunder Spirit Root. You will definitely like her." In order to deal with Yun Chujiu, Liu Jinluan specially inquired about many things about Yun chujiu, including the matters in the divine axe heavenly pit, she felt that since Xue Mo liked people with a heavenly thunder spirit root, this monster might also like them.

Sure enough, the monster made a hissing sound, obviously very excited.

Liu Jinluan pointed to the west. "They ran in that direction!"

She was ruthless in her heart. Even if she didn't survive in the end, Yun Chujiu wouldn't be able to leave alive! And that Ye Bingyu. She had wasted so many years trying to please her. She actually turned hostile and refused to acknowledge her. They all deserved to die!

The monster hissed a few times and then quickly crawled in the direction that Liu Jinluan pointed.

..

At this moment, Yun Chujiu and the other three were desperately running.

Anyway, Yun chujiu had many contracted demon beasts. She specially picked the fastest ones as mounts and ran forward desperately.

After listening to Ye Bingyu's narration, Yun Chujiu felt that the monster was definitely not simple. Moreover, there might be a huge conspiracy behind it.

Oh My God!

This damned trial could only be completed after a month. She had to find a safe place to stay. Otherwise, she would definitely die!

Along the way, she also met some other students. Although Yun Chujiu was not kind, she could not just watch them die.

Thus, she stretched her neck and told them that there were monsters chasing after them.

Unfortunately, some people didn't believe her at all. They thought that Yun chujiu was just scaring them. However, there were also some people, especially those from the Heaven Punisher Academy. When they thought about the matter with the Divine Axe Pit, they hurriedly followed Yun Chujiu and the others to escape.
