

The Yun Family's Ninth Child is an Imp! Chapter 2523

Yun Chujiu tried to persuade herself. Little Jiu, the headmaster had said that she should not cause any trouble, so she had to endure it!

Yun Chujiu tried to persuade herself for a while before looking at the four of them. Normally, the four of them should have gone up to Yun Chujiu at this time and reported their names.

However, the four of them acted as if nothing had happened. Without waiting for Yun Chujiu to speak, they actually entered the courtyard and returned to their own rooms.

Yun Chujiu's eyes darkened, she said to the two guards behind her, "Xing Wen, Xing Wu, I don't think anyone is staying in the room next door. You can stay there for now. Don't worry. I Won't let you suffer for nothing."

The two guards quickly said that they didn't dare. Xing wu said angrily, "Miss Yun, these servants are really too much. Why Don't you give the Dean a voice transmission talisman and ask him to help you seek justice?"

Before Yun Chujiu left, not only did she ask Dean Gongsun for a voice transmission talisman, but she also asked Dean Duanmu and mayor Huang for a voice transmission talisman.

Hearing Xing Wu's words, Yun chujiu shook her head and said, "It's just a small matter. There's no need to trouble him. Don't provoke them. We'll go back after staying here for a few days."

Xing Wen was more cautious. He glared at Xing Wu. "Miss Yun is right. It's better to be safe than sorry since we're new here."

Yun chujiu nodded and let the two of them go to their rooms to rest. She then walked to the main room.

The main room was divided into three rooms. There was a study room, a living room, and a bedroom.

Although the two maids were arrogant, they were not stupid enough to occupy Yun Chujiu's main room. Yun chujiu pushed open the bedroom door. The room was clean and tidy. It was probably cleaned all the time.

Yun Chujiu went to the study and the living room to take a look, and they were also very clean.

Yun chujiu could not help but raise her eyebrows. It seemed that the two maids were not stupid. They would not leave any evidence on the surface. After all, whether they were respectful or not was a matter of subjective feelings. It would not be clear when the time came.

Yun chujiu washed up briefly and then sat on the bed to read the script. She did not dare to cultivate. If she made a breakthrough here, it would be terrible.

Soon, it was lunchtime. One of the maids came back with lunch, but she did not give it to Yun Chujiu. Instead, the four of them gathered together and ate.

Yun Chujiu was engrossed in reading the script until she was hungry. Only then did she realize that she had not eaten lunch. She walked out of the bedroom and happened to see the four servants sitting around the stone table eating lunch.

The dishes on the stone table were very sumptuous. The four of them ate until the corners of their mouths were dripping with oil.

One of the maids, Mingyue, wiped her mouth with a handkerchief when she saw Yun chujiu, she said with a fake smile, "Miss Yun, this matter has caused a ruckus. We thought that you had already eaten lunch! So we took the courage to eat your lunch. You Don't have any objections, right?"

Yun chujiu smiled brightly. "It's okay, it's okay. If you like it, I'll give you my share in the future."

Mingyue's eyes flashed with disdain. She said perfunctorily, "Thank you, Miss Yun."

After Mingyue said that, she picked up her chopsticks and continued to eat. Obviously, she was not going to talk to Yun Chujiu anymore.

Yun Chujiu was not angry. She turned around and went into the bedroom.

Mingyue spat in the direction of the bedroom. “This Yun Chujiu is quite self-aware. I think it’s true. Even the legitimate daughter of the Ye family is not qualified to live in an underground room. She, the daughter of a step-in-law, was only invited to the party because of dog shit and luck.”
