

## **The Yun Family's Ninth Child is an Imp! Chapter 2544**

Yun chujiu found an excuse and declined the Cao family's Patriarch's invitation, saying that she would visit him again in the future.

The Cao family's patriarch also understood that Yun Chujiu had said that she was going to the Cao family to escort him, so he persuaded her a few times but did not force her.

Five days later, Yun Chujiu and the others finally returned to Tian Luo City. Old Master Ye also returned to the Ye family.

After a few more days, almost everyone knew about the incident at the Divine Devil Hall. It had reached the point where the color of a tiger's face changed when talking about it.

Yun Chujiu learned from Dean Gongsun that three second-class family heads had been captured by the Divine Devil Hall. Although almost all the guards of the other forces had died, fortunately, all the family heads had successfully escaped.

The three second-class families had already received warnings from the other forces. Once the Divine Devil Hall had any news, they would immediately report it and send people to keep an eye on the three families.

However, Yun Chujiu felt that the Divine Devil Hall wasn't that stupid. At least, they wouldn't make any moves for the time being. This time, the Divine Devil Hall hadn't succeeded. They would definitely turn to acting in secret again and counterattack when the time was ripe.

Although the sky bearing alliance had caught a few traitors, they were all small fries who listened to the orders of the higher-ups and didn't obtain any valuable clues.

The various major powers sent people to search everywhere, but they didn't find a single clue. As time passed, the commotion that shocked the entire immortal Yuan continent came to an end just like that.

The head of the Cao family had sent many gifts to thank Yun Chujiu. There were also many spirit fruits and pastries in the gifts. This fellow had a better impression of the head of the Cao family.

After all this, there weren't many holidays left. Yun chujiu obediently stayed in the Heaven Punisher Academy to cultivate and didn't go out to show off.

At this moment, in a hidden valley in the immortal origin continent, several men in golden masks were kneeling on the ground, shivering.

In front of them was a woman wearing a purple mask. Her figure was graceful, but the cold and oppressive aura she exuded made the men in Jin Mian not even dare to look at her directly.

“A bunch of trash! Didn’t you say that the poisoning was successful? Then why are those important figures safe and sound? Or, didn’t I tell you that Yun Chujiu is very cunning and must arrange more people to intercept her spaceship? Why did you let her escape?”

One of the men in the golden mask explained, “Sir, we did see those people eat the poisoned food, but who would have thought that they were not poisoned! “Also, that Yun Chujiu is only a little girl in the sixth layer of the spiritual profound realm. We sent four flying spirit tools to intercept her. We really didn’t expect that they were not poisoned, so...”

Before the man in the golden mask could finish his words, he bled to death from his seven orifices, and his dead body collapsed on the ground.

“You admit that you did something wrong, but you still dare to Quibble? You’re really courting death!”The purple-masked woman said coldly.

The rest of the gold-masked men were even more anxious. Their spiritual senses had the purple-masked woman’s soul imprint. If she had a single thought, they would bleed to death.

The purple-masked woman calmed herself down and asked, “Did anything strange happen at the banquet?”

A gold-masked man hurriedly answered, “That Yun chujiu gave some wild fruits to everyone. I think they were called coral fruits. She brought them from the Qing Xuan Continent.”

The purple-faced woman frowned. Coral Fruits? Only Yun chujiu would give such low-grade fruits to others. She did not suspect that it was because of the coral fruits. How could such low-grade wild fruits be the antidote? It was impossible.
