

## The Yun Family's Ninth Child is an Imp! Chapter 2568

Five Level 42 bloodthirsty Stinger Sharks swam over. Not only were they huge, but they also had a long spike on their forehead that was shining with a faint blue light.

When the five bloodthirsty Stinger Sharks heard Yun Chujiu's words, they could not help but stop moving forward. Something was wrong! There was definitely something wrong with this little human girl!

How could there be a human who would take the initiative to let them eat her? This was not normal!

Also, what the hell was that thing that she was waving in her hand? Was it a spiritual weapon? Why didn't she feel any spiritual energy fluctuations?

The five bloodthirsty sharks were at a loss for a moment, so they did not dare to act rashly. Their huge eyes stared at Yun Chujiu.

Yun Chujiu felt that she was most likely a demon beast in her previous life. Or why did she feel that demon beasts were not scary at all and were much cuter than humans?

Xiao Heiniaos silently ridiculed, Pah! What's cute? You just feel that demonic beasts are generally easier to fool than humans, Shameless!

Yun chujiu followed the principle of 'If the enemy doesn't move, I Won't move'. She smiled as she looked at the five bloodthirsty thorn sharks, as if they were really here to die.

After a while, one of the bloodthirsty thorn sharks could not hold it in any longer. Regardless of whether it was an overt scheme or a conspiracy, she would eat it first!

Hence, the bloodthirsty shark suddenly rushed towards Yun Chujiu.

"Aiyo, I was just being polite. Are you really going to eat it? You Are Really Shameless!" Yun chujiu shouted as she sprinkled a large basin of ink into the water.

Instantly, the water turned pitch-black and her vision became blurry.

Yun chujiu took advantage of this moment to swim far away. When the bloodthirsty sharks regained their vision, they only saw a small bubble.

The five bloodthirsty sharks immediately knew that they were being teased. They were so angry that they let out a sharp cry and chased after Yun Chujiu.

Yun Chujiu swam to a few large ships and shouted, “Hey, other than those with fire spirit roots, come down and take care of these demonic beasts. If we don’t kill them, we won’t be able to recover!”

Everyone knew that what Yun Chujiu said was the truth. Now, they could only give it their all. Moreover, although they were not as agile as aquatic demonic beasts in the water, they had more people and they had waterproof beads., it was not a problem to deal with five bloodthirsty Thorn Sharks!

Therefore, everyone jumped into the water and surrounded one bloodthirsty thorn shark and began to fight.

Yun Chujiu thought that she had successfully completed the task of attracting the demon beasts, so she shamelessly cheered for everyone.

“Good fight! Good Fight! I have high hopes for all of you!”

“Yes, cut its eyes! Its eyes are definitely its weakness!”

“Apart from its eyes, its anus is also its weakness. Attack it together! Kill It!”

..

Although everyone was angry, they felt that it was a little more efficient for someone to command them, so they followed Yun Chujiu's instructions.

After nearly two hours, the five bloodthirsty stinger sharks were all killed. Then, they turned into bubbles and disappeared.

Everyone was panting as they climbed onto the boat. Although they were a little tired, they were a little excited. If they were alone, they would not have been able to kill a bloodthirsty stinger shark. But now, they had done it!

This was the first time they experienced the power of teamwork. The original strangeness and estrangement between them seemed to have been eliminated a lot.

The people on the deck began to chat and laugh. Although they were competitors, it did not prevent them from being teammates at the moment.

A certain Jiu wasn't concerned about these people's soul sublimation. She moved closer to Xue Wuji and the other two and asked secretly, "How much did you earn?"
