

## The Yun Family's Ninth Child is an Imp! Chapter 2599

The person who was threatened by Yun Chujiu felt as if his heart was going to explode. Initially, he was just there to watch the show. He did not expect that it would turn into a show now!

Of course, he did not want to give in. However, when he saw the dense swarm of ants, especially when he heard the sound of the ants gnawing on Spirit Stones, he was terrified!

It was only 100,000 spirit stones and four hours of mining. This was nothing compared to passing the test. Therefore, he handed over the spirit stones and obediently went to mine for Hei Xinjiu.

Yun chujiu came to the next candidate..

Everyone finally understood Yun Chujiu's intention. She was not planning to use her mine to feed the ant colony. She was using their spiritual stones to feed the ant colony before letting the ant colony threaten them. This Yun Chujiu was really too despicable!

Some people also planned to encourage the crowd to fight against the ant colony, but they stopped after hearing Yun Chujiu's words.

"Don't think about fighting back the ant colony. First of all, during your fight, the ant colony will have the time to devour half of the mine. No one wants to be the unlucky one, right?"

“Second of all, even if you beat back the mine-devouring giant ant colony, I can still bribe the queen ant with another colony. If you don’t believe me, Let’s give it a try!

“Finally, don’t think about killing me. Although you can’t use the talisman to blow up the ore, you can use it to blow up people.”Yun chujiu waved the thick explosive talisman in her hand, her eyes full of coldness.

When everyone saw the thick explosive talismans in Yun chujiu’s hand, their hearts turned cold. Did this wretched girl sell talismans at home? She actually had so many explosive talismans!

However, it was also true. This profiteer must be very rich, so it was not surprising that he had so many explosive talismans.

Everyone’s little flame of resistance was instantly extinguished by Yun Chujiu’s words. They could only accept Hei Xinjiu’s threat.

Therefore, Hei Xinjiu led the ant colony to run Amuck. Not only did she earn a lot of money, she also had a lot of free labor to help Hei Xinjiu mine.

Yun chujiu saw that her mine was almost finished, so she asked everyone to stop digging and help Xue Wuji and the other two mine.

Yun Chujiu was afraid that she would be teleported out after her mine was finished. If that happened, Xue Wuji and the other two would be in trouble! Therefore, it was better to teleport the three of them out first.

Everyone dared to be angry but did not dare to say anything. If they were given a second chance, they would definitely not chase the ant colony into this black-hearted territory.

Outside of the array formation, the members of the Chaos Origin sect were all dumbstruck. How could they bring such a joke?

With the help of so many people, not to mention the mines of Yun Chujiu and the other three, even 40 mines would be dug out very quickly!

Other candidates came and went, but Yun Chujiu and the other three only slept, ate, and had fun. They actually, actually got into the top four? It was really unreasonable!

Elder Yuwen laughed out loud. "Old Thing, did you do something for Nothing? ! This little girl really likes my temper. Interesting!"

Elder Jing glared at elder Yuwen, feeling both angry and indignant!

Which contestant hadn't been toyed with by him? He didn't expect that the little girl had ruined the test this time!

No! He had to go back and perfect the fifth round of the test during this period of time. He had to teach this little girl a lesson!

In less than a day, Yun Chujiu and the other three had finished digging their mines, and the four of them were teleported out.

Before Hei Xinjiu left, she said with a smile, "I'm leaving! If any of you are willing to learn from me, you can do business with the ant queen!"
