

The Yun Family's Ninth Child is an Imp! Chapter 2604

The seven people in Group 4 used to be from Region 9. After hearing Yun Chujiu's words, they recalled the first round of the test and were somewhat moved.

At that time, they had indeed relied on Yun Chujiu's command to defeat those aquatic demon beasts. Moreover, they had also relied on her to pass the first round of the test.

Of course, they had also paid for it.

However, after hearing her words, they had a little bit of gratitude in their hearts. Moreover, what she said made sense. The further they went, the more densely the seven-headed man-eating flower grew. It was indeed more and more difficult for the seven of them to do it alone.

When the seven people in group four were hesitating, they heard Yun chujiu say with malicious intentions, "Of course, if you don't agree, I have nothing to say.

"Sigh, we are going to be eliminated anyway. When you attack the seven-headed man-eating flower, we will cause trouble. We won't be able to recover, so don't even think about it."

The seven people from Group 4 were so angry that they almost fainted. Just now, she said that she wouldn't force them to buy and sell. What was she doing? She was simply a scoundrel! She was a bandit!

The seven members of group four wanted to argue with her, but firstly, it was a waste of time. Secondly, they did not know if they would be eliminated if they killed the contestants. Therefore, after hesitating for a long time, they finally gritted their teeth and agreed.

Yun chujiu immediately put on an angel-like smile. "Aiyo, I was just joking just now. We will be comrades in arms from now on! Don't worry, I am a very kind person. I will never cheat my teammates."

The seven people in group four had a mental breakdown at that moment! They were really helpless, okay? It was their bad luck! If they had known this would happen, they would have given up on the seven-headed man-eating flower to stay away from this scourge.

Hence, the two groups merged into one and fought the monsters together happily.

Of course, Hei Xinjiu was the one who was happy. It was already good enough that the people in group four did not cry.

Not long after, heixinjiu used the same method to pull in another group. The people in group four instantly changed from victims to accomplices. For some reason, they even felt a strange sense of accomplishment.

F * ck, it must be an illusion! They were clearly victims, so the sense of accomplishment had nothing to do with them.

Hei Xinjiu's group was like a snowball that was getting bigger and bigger. Moreover, they were very domineering in their actions.

For example, when they encountered a group of seven-headed man-eating flowers.., hei xinjiu would use a large kitchen knife to threaten the other contestants. "This place has already been contracted by our joint team. You guys can go play somewhere else! If you don't leave, HMPH, I'll kill you!"

"That little guy gave us the seven-headed man-eating flowers that you attacked half way. What are you looking at? If you keep looking, I'll Rob You!"

..

The crowd was furious at the bandit's behavior, but they did not dare to say anything, because Hei Xinjiu's team had a lot of people! Some people left aggrievedly, while others formed teams like Hei Xinjiu.

Unfortunately, they did not have Hei Xinjiu's skills, and the team fell apart in less than two days.

Hei xinjiu kept all the demon nuclei in her hands, claiming that they would be distributed uniformly. Those people did not believe her at first, but Hei xinjiu would swear on her life!

“By the heavens, I, Yun Chujiu, will distribute the demon nuclei fairly. If I don’t keep my word, I will be struck by lightning and die a horrible death!”

Nobody knew that Hei Xinjiu was eager to be struck by lightning, so they believed her words. Therefore, Hei Xinjiu’s pockets were bulging.
