

## The Yun Family's Ninth Child is an Imp! Chapter 2620

Yun chujiu finally calmed di beiming down and said, "Prince Charming, did you break another part of the seal?"

DI beiming nodded proudly, "That's right, my spiritual power is already very strong. If not for the fact that the other party is not weak, I could have brought you with me and we could have been together for a long time."

Very strong? The other party wasn't weak either?

Yun Chujiu's eyes twitched. If it was before the change in his temperament, di beiming would definitely not say that. Besides, in the past, unless di beiming was angry, he wouldn't say anything about me.

"Prince Charming, are you hungry? Let's have dinner and talk at the same time." Yun chujiu knew that she couldn't persuade di beiming to leave, so she could only take a roundabout way to inquire about the situation.

Di beiming nodded, "Although there is nothing delicious here, I can still give you face. Set the table."

Yun chujiu really wanted to kick this pretentious person out. This was even more pretentious than when they first met. It was as annoying as it could be.

Yun chujiu suppressed the primal power in her heart and picked a few dishes that di beiming liked to eat and placed them on the table.

When di beiming saw that the dishes on the table were all his favorites, his arrogant expression softened. Little Jiu really loved him. That SH \* t Fan Mingchuan actually shamelessly said that little jiu was his fiancée? F \* ck, the beating was too light!

As the two of them ate dinner, yun chujiu asked indirectly, “Prince Charming, do you feel any changes after your spiritual power has increased greatly?”

“Changes? What kind of changes can there be? It’s nothing more than chopping melons and cutting vegetables when you’re facing your enemy. Entering the primordial chaos sect is like entering an uninhabited realm...”

Yun Chujiu silently rolled her eyes and asked patiently, “Prince Charming, I’m not talking about spiritual power. For example, my personality. Have you noticed any differences?”

“Personality? Hasn’t my personality always been good? Why? Little Jiu, what do you think is wrong with my personality?” Di beiming put down his chopsticks and asked with a gloomy face.

“Nothing! I just feel that you are becoming more and more attractive, Prince Charming, that’s why I asked.” Yun Chujiu’s eyes sparkled as she said. In her heart, she wanted to cry but had no tears.

Di Beiming’s face immediately turned bright as he said with a smile, “So that’s the case! I think so too. I’m too conservative. With my high spiritual power, why should I be afraid of anyone? !”!

“However, although the primordial chaos sect is very weak, I’m still more at ease with you here. I’ll come and pick you up after I’ve killed those damn people.”

Yun chujiu’s nose suddenly turned sour. Although the pretty boy’s personality had changed drastically, he still thought of her wholeheartedly. Whether it was his cold and ruthless personality from before or his arrogance now, he would subconsciously protect her.

Di beiming saw Yun Chujiu’s eyes turn red and she started to cry. He immediately panicked, “Little Jiu, what’s wrong? Ben, what did I say wrong?”

Yun chujiu smiled and shook her head. She pointed at a dish and said, “No, it’s just that this dish is too spicy. It’s so spicy that my tears are coming out.”

Di beiming used his hand to wipe Yun Chujiu’s tears and said unhappily, “Since you can’t eat spicy food, don’t eat it in the future. As long as you want to eat it, this venerable one can help you get it.”

“En.” Yun chujin nodded. No matter if it was cold-blooded or arrogant, her gigolo would always be a gigolo who loved her, pampered her, and loved her.
