

## The Yun Family's Ninth Child is an Imp! Chapter 2698

"Hey, Yun Chujiu, can you be more professional? Chop it quickly! We Are Waiting!" Yun Chujiu said unhappily when she saw that the lightning had become a little sparse.

Wu Yun heard Yun Chujiu's provocation and could not be bothered to be puzzled anymore. He continued to chop her again. He only had one goal, and that was to chop this annoying little girl to death.

"It feels good! It feels really good! I haven't felt this good in a long time! Come, again!" A certain jiu let out a satisfied sigh.

Wu Yun was so angry that he was trembling. No wonder no Yun was willing to come when he accepted the mission today. They must have known that there was a pervert here. He was too naive. He actually thought that this was a very easy mission. Wu Wu, this was actually a pit. It was a ten-thousand-year-old pit!

The dark clouds struck for more than six hours, but they were still unable to kill a certain jiu. A certain Jiu could only give up and retreat dejectedly.

A certain jiu saw that the dark clouds had retreated, and only then did she remember an important question. How was she going to end this?

A huge deep pit had already been struck on the ground, and the bottom of the deep pit was directly connected to number 14's reflection hole. As long as someone went down to the bottom of the deep pit, they would discover number 14's reflection hole.

A certain jiu blinked her eyes. This was not necessarily a bad thing. She could just push the blame of No. 14's reflection cave to Heavenly Thunder.

Moreover, if she found out about No. 15's reflection cave in the future, she could also shift the blame to Heavenly Thunder.

Haha, Heavenly Thunder was really cute! It could help her level up and also help her take the blame. It was great!

Yun chujiu thought for a while and then returned to No. 14's reflection cave. She lay on the ground and pretended to be dead.

This guy was thinking well. Just as he was pretending to be dead, he heard a loud bang, followed by a cracking sound..

This guy didn't care about pretending to be dead anymore. He quickly got up and was surprised to find that the wall, which she had cut a hole in, was strangely restored to its original state!

This guy was stunned for a while. This wall had a self-recovery function?

However, this wasn't a bad thing. It was better to avoid trouble. If no one found out, it would save trouble in the future.

Therefore, this guy took out a voice transmission talisman and wanted to tell Jin Zhi that he was safe. Unexpectedly, the storage ring couldn't be opened!

Her heart sank, and then she found that her spiritual power was restrained!

Her spiritual power was restrained, which meant that she couldn't take out the big kitchen knife. Without the big kitchen knife, how could she go out?

She had a bad premonition in her heart. It was likely that the teleportation array wouldn't be able to teleport her out. Could it be that she was going to die in the No. 14 Reflection Cave?

On the other side, the people in the mixed origin square realized that the spiritual power was slowly recovering. They couldn't help but be overjoyed. Moreover, the Wu Yun had all retreated. The sun shone down directly, as if everything had returned to normal.

Everyone cheered, as if they had survived a disaster.

After Master Baili and the others closed the ancient array, they rushed directly to the back mountain of Dubhe Peak. Their purpose was naturally to check the spiritual qi ball.

When they arrived, only a small part of the spiritual Qi ball was left, and it was still dissipating rapidly. It was believed that it would soon disappear.

Not far away from the spiritual qi ball, there was a huge pit. Obviously, it had been struck by lightning.

Everyone jumped down to take a look. They only saw that it was dark inside and did not find anything unusual.

Master Baili sent people to dig the deep pit and the place where the spirit energy ball gathered. They did not find anything unusual.

At this time, Jin Zhi and ye Bingyu came to see Master Baili with red eyes.
