

## The Yun Family's Ninth Child is an Imp! Chapter 2713

A certain Jiu's memory flashed through his mind. She had a criminal record!

Bai Lian Jiu did not know that the truth had been exposed. She continued to grumble, "Don't worry about me. Just let me live and die on my own. Anyway, you don't listen to me. What's the point of me living?!"

Di Beiming gritted his teeth and stood up, he said coldly, "Chili noodles? Do you think I'm an idiot? I was worried about your safety. I put down what I was doing and traveled day and night to see you. You actually used chili noodles to fool me? Little Jiu, you've really disappointed me!"

After di Beiming finished speaking, he clenched his fists tightly. His eyes were slightly red. It was unknown whether he was angry or sad.

Yun Chujiu's head buzzed. Oh No, she was exposed!

Before this guy could think of a way to fix it, di Beiming flicked his sleeves and actually turned around to leave the house.

When Yun Chujiu chased out of the house, she only saw an afterimage!

This guy looked like he had nothing to live for. Was this the kind of situation where he made a fool of himself? If she had known earlier, she would not have used the props. She could still cry!

This fellow pursed his lips and returned to the room. He took out a voice transmission talisman and said, "Prince Charming, I was wrong!"

"Prince Charming, I did this for a reason. Don't you want to know the reason?"

“Prince Charming, in order to express my apology, I’ll sing you a song. Come back quickly and bring back my thoughts. Don’t let my heart be empty like the sea...”

..

Unfortunately, the voice transmission talisman that was sent out was like mud sinking into the sea. Di beiming completely ignored her.

The feeling of guilt that this fellow originally had instantly turned into embarrassment and anger!

This gigolo was becoming more and more stingy. wasn’t it just a harmless joke? Was there a need to be so angry? If he didn’t come back, he would just poop!

He just couldn’t be bothered to look at his face that deserved a beating. Go to sleep!

This guy randomly wiped his face and didn’t take off his clothes. He lay on the bed and counted the sheep. As he counted, the sheep turned into a pretty boy. He could only count the pretty boy, one pretty boy, and two pretty boys..

After an unknown amount of time, he finally fell asleep in a daze.

What this guy didn’t know was that a certain someone was squatting on a mountain with a voice transmission talisman in his hand, waiting for news. He had planned to come back when he heard Yun chujiu singing.

However, he felt a little embarrassed, so he made up his mind. As long as Yun Chujiu said something nice, he would go back. He didn’t expect that there would be no end to it..

A certain Jiu was so angry!

If it were someone else, who would dare to tease him like this? He would have been killed long ago! Unfortunately, he couldn't bear to make a move on a certain jiu. He could only stay on the mountain in the cold wind, feeling inexplicably sad..

Finally, a certain Jiu stood up and wanted to go back, but he felt a little embarrassed, so he hesitated and the sun rose..

Hei Xinjiu did not sleep well the whole night. She opened her eyes early and used her spiritual sense to scan the sound transmission talisman in her storage ring. Seeing that di beiming still ignored her, she felt a ball of fire in her heart and wanted to find someone to beat her up.

A certain Jiu who woke up in a fit of anger and had a broken heart syndrome, washed her face and went to the kitchen with a listless head.

This fellow did not intend to come to work, but when he thought of di beiming from time to time in the dormitory, he felt uncomfortable. Therefore, he might as well find something to do to distract his attention.

Yun Chujiu had just entered the kitchen and immediately attracted the gazes of the people inside. Some were disdainful, some were jealous, and some were indignant. However, because Fatty Wang did not express his stance, no one dared to find fault with her.
