

The Yun Family's Ninth Child is an Imp! Chapter 2746

Qu Shanshan had wanted to find fault with Yun Chujiu for a long time. When she heard Yun Chujiu's words, she had a look of disdain on her face. "If your eyesight is bad, then don't talk. And you're a black-hearted man. I think your heart is black!"

The little black bird in Yun Chujiu's spiritual beast bag nodded desperately. This little B * Tch's words were quite reasonable. Xiao Heiniaos heart was indeed black.

When Qu Shanshan saw Yun chujiu squeaking, she said even more contemptuously, "Yun Chujiu, if I Were you, I would just watch obediently. If you don't understand, don't talk nonsense. The heart of the flower that is pricked has always been red. I've never heard of it being black..."

Before qu Shanshan could finish her words, everyone exclaimed one after another, "Oh my God, that Flower's heart is really black. How is this possible?"

Qu Shanshan looked in the direction that everyone was pointing at and saw that there was indeed a flower with a black heart in the middle of the tree full of flowers.

Qu Shanshan's face instantly turned as red as a monkey's butt. She felt so embarrassed! She did not blame herself. She blamed everything on Yun Chujiu.

Therefore, she raised her voice, she said sarcastically, "Humph! I've never heard that thorns can produce black-hearted flowers. This must be because of you, a jinx. Get lost quickly, or else all the flowers might turn black..."

"Shut up!" An elder interrupted qu Shanshan unhappily. "What do you know? ! Do you know what a black-hearted flower means? ! If you don't know, then don't talk nonsense!"

Qu Shanshan's face turned pale. She had never been reprimanded so severely. Her eyes immediately turned red. She wanted to argue a little, but was pulled by Qu Quan. Only then did she bite her lips and stop talking.

Qu Quan intended to help his sister out of the situation. He respectfully said to the elder, "Elder Zhou, I have never heard of a thorny flower with a black heart. Please explain to us."

Elder Zhou clearly had a good impression of Qu Quan. His expression softened a little, then, he said, "You all know that if a thorny seed is not treated, it will turn into powder if it falls to the ground. Have you ever thought about how a thorny seed reproduces?"

Qu Quan was stunned. "Elder Zhou, isn't it said that the thorn is unable to reproduce, so we are the only thorn left?"

Elder Zhou waved his hand. "You only know the first part, but you don't know the second part. The reason why a thorn can not reproduce is because there is no way to form a black egg. Only the seed inside the black egg can be used to reproduce. "And that black-hearted flower is very likely to form a black egg."

Everyone cried out in surprise. So that was how it was!

Elder Zhou's words were like a hard slap on Qu Shanshan's face. She even said that Yun Chujiu was a jinx. This was clearly a lucky star, alright? !

If she could really bear a black egg, when the time came, she could breed more "Thorns". In the future, Wood Peak's strength would definitely increase greatly.

Qu Shanshan wished that she could find a hole in the ground to hide in. In her heart, she hated Yun Chujiu even more. She felt that all of this was caused by her.

At this moment, the flowers on the tree began to wither at a speed visible to the naked eye, and countless eggs began to form. Among the many white eggs, there was a black egg that was particularly eye-catching.

Mountain Master Ren and the few elders were so excited that they were trembling slightly. The few of them discussed it. The black egg was too important, so when the egg fell off, their task was to catch the Black Egg.

The egg on the vine quickly began to grow and mature. Gradually, some of the eggs began to fall off. The inner disciples who were close to it began to leap up to catch the eggs.
