

## The Yun Family's Ninth Child is an Imp! Chapter 2752

Although Mountain Master Ren had never seen a "Thorn"seed before, he believed Yun Chujiu's words without a doubt. He felt that Yun Chujiu did not have the courage to lie to him.

Therefore, he was so excited that he reached out to snatch the seed in Yun Chujiu's hand.

"Stop! Mountain Master Ren, you said something just now. Have you forgotten it so quickly? As long as I give you 300 million spirit stones, won't we be even?" Yun chujiu curled her lips and said while hiding behind Master Xiahou.

"Spirit Stones, I don't want the Spirit Stones! As long as you give me the seed, we will be even!" Mountain Master Ren said anxiously.

"Seriously, you are still so fickle at your age. Forget it, I'll give it to you. Remember, we are even! "You can't take revenge on me because of this matter in the future. If you are jealous of a shrimp like me, you are a puppy." Yun Chujiu said as she handed the seed to Mountain Master Ren.

After obtaining the seed, Mountain Master Ren immediately ignored Yun chujiu and studied the seed with the other elders of the wood peak as if they were possessed.

Yun chujiu shrugged her shoulders and walked to the front of master Xiahou and said, "Master Xiahou, I Have Troubled You recently. I have decided to ground myself. I Won't come out for a walk for the next two days."

Master Xiahou was so touched that tears welled up in his eyes. He couldn't help but nod. "Good, good. If you need anything, just look for Leng Kui. As long as you stay in the courtyard and don't come out, anything is fine."

Yun Chujiu:" ..."

Old Man Xia Hou, do you know that you won't have any friends like this?

Under the "Friendly" gaze of the wood peak disciples, Yun Chujiu left the wood peak and returned to her dormitory.

In that case, did Yun chujiu really find that seed in the "Thorn" space?

Of course not!

If there were seeds in the thorn space, they would have been used to reproduce long ago!

There were more than ten seeds in a black egg. Yun Chujiu tried her best to get one out of Guai Cao's mouth. Although this fellow had a black heart, it wasn't black to the end. She felt that it was better to leave one for the wood peak.

This fellow was familiar with human nature. If she had only taken out this seed, Mountain Master Ren would definitely have made her compensate him. He felt that it was because of her that he had lost the other seeds.

However, after all this trouble, if she took out this seed again, not only would he not be resentful, he would definitely be grateful. This was a set-up!

Of course, she could blackmail Mountain Master Ren, but for the sake of the rest of her life, it was better to forget about it!

As for why this fellow wanted to ground her, it was because this fellow felt that he had been too high-profile recently to avoid attracting too much hatred, so it was better to give up for a few days.

There was another reason, that was because she received a voice transmission talisman from di beiming, saying that she would be able to rush to the origin-killing sect tonight after the matter was settled.

A certain jiu tidied up the house and got Mao Mao Qiu to bring out a lot of wild flowers from the great void Mystic Realm, decorating the house very warmly.

After finishing everything, she scolded guai Cao while waiting for di beiming to arrive.

Guai Cao was already used to it. If he wanted to scold it, he could scold it. After all, there would be a lot of leaves missing. If he scolded it casually and did not get scolded every few days, it would not be used to it!

Yun Chujiu held her chin and pondered. The gigolo said that he was going to fetch something. What was it exactly that he was going to fetch?

Just as the gigolo was pondering, di beiming walked in from outside.

A certain Jiu thought sourly in her heart, 'it's still better to have high spiritual power. Looking at the gigolo coming in and out of the sky killing sect, it's as if he's playing around. He's so cool!!'
