

The Yun Family's Ninth Child is an Imp! Chapter 2782

When everyone heard Master Baili's words, they all nodded their heads in agreement.

They already knew most of the matters of the essence murder sect. Although Yun Chujiu had resolved a disaster for the essence murder sect, this fellow had also caused a lot of trouble for the essence murder sect.

Scamming countless disciples was secondary. It was said that this fellow had almost blown up twenty self-reflection holes in the essence murder sect. Moreover, he had stolen more than half of the Green Jade Lotus Root. If it wasn't for the matter at the Divine Devil Hall., the green jade prawns would probably have been killed as well.

That's right, there was also that "Thorn" of his. After hundreds of thousands of years, it finally bore a black egg, but it was swallowed by this fellow. Fortunately, he still had a conscience and gave a seed to the wood peak.

When everyone thought of this, they suddenly felt that master baili was really too wise! He was right. Such a thing should be locked up so that it would not come out to harm others.

Mountain master he had a quick temper, he raised his loud voice and said, "Didn't you say that we can watch the scene inside the tranquil cave in real time? Old Jing, hurry up and show it to us. I reckon that little girl must be so bored that she's about to bang her head against the wall, right?"

After being reminded by mountain master he, everyone finally remembered that the meditation cave was an ancient magic formation, but the tranquil cave was not.

The meditation cave had been built by the disciples of the primordial chaos sect in recent generations. Therefore, elder Jing was very familiar with the formation of the meditation cave.

Therefore, elder Jing took out a shadow stone. After forming a seal, the situation inside the meditation cave appeared on the Shadow Stone.

When everyone saw the image on it, they almost vomited blood!

Inside the meditation cave, three people each sat on a small stool with a table in the middle. They were playing cards! Moreover, two of the male disciples had a lot of notes stuck on their foreheads. That bad guy was smiling brightly.

“UM, did I see wrong? They seem to be playing cards?” Mountain master he rubbed his eyes and said uncertainly.

“What did I see wrong? ! They are playing cards! I’m so angry! That Brat Linchuan, I let him go in to temper his mind, but he actually played cards with that Yun Chujiu. He’s really not good!”

The one who spoke was mountain master an of Alkaid Peak. An Linchuan was his son, and he had always placed high hopes on him. He originally felt that an Linchuan’s character was a little unstable, which was why he sent him to the Tranquil Heart Cave. He originally thought that it would have some effect, but now that he saw it, he almost exploded in anger!

This bastard brat actually played cards with that bad news bag! It was fine if he played, but it seemed like he had lost miserably. It was really embarrassing!

On the other side, peak master Shen of Megrez Peak also had a bad look on his face. Shangguan Hao was his disciple, and he was usually quite steady. Why was he also fooling around?

“Haha! Really, you guys are really! hahaha! Sect master, I see that you locked Yun Chujiu into the tranquil heart cave not to temper her temperament, but to temper the temperament of those two scoundrels.” Mountain master he said with a wide grin, he thought that Yun Chujiu was really interesting. How could she think of playing cards in the Tranquil Heart Cave!

Mountain Master Zhuo of Tianji Peak said weakly, "Well, well, maybe this idea wasn't put forward by Yun Chujiu. Could it be that it was put forward by the other two people?"

The others couldn't be bothered with him. He asked such a stupid question. Besides that bad guy, who else in the Chaos Origin Sect would do something like playing cards in the Tranquil Heart Cave? !

Mountain Master Zhuo rubbed his nose. Alright, just pretend that he didn't say anything.
