

## The Yun Family's Ninth Child is an Imp! Chapter 2789

When everyone heard mountain master he's words, they all turned to look at the shadow stone.

As expected, Yun Chujiu and the other two were using the alchemy furnace to wash the hotpot. The table was filled with dishes, and the most eye-catching dishes were the green jade lotus root and the green jade shrimp.

Elder Jing snorted coldly, "It's just the desire to eat! I don't think there's anything delicious about the green jade lotus root! It's almost the same as the white radish."

Mountain master he snorted, "HMPH, you make it sound like you've eaten it before!"

"Why haven't I eaten it before? ! A few days ago, that Yun Chujiu gave me one..." elder Jing regretted immediately after saying that. Why did he blurt out this matter?

The meeting hall was suddenly eerily silent, then, he heard mountain master he raise his loud voice and say, "Old Jing, I didn't expect that you would take the green jade lotus root that little girl gave you, and now you're still making things difficult for that little girl. You're too mean!"

Elder Jing's face turned red as he defended himself, "That's one thing. She gave me the Green Jade Lotus root to thank me for saving her at the primordial killing sect. I increased the difficulty of the formation to temper her character and for her own good."

"Ptui! You're speaking so grandly. I think you're taking revenge for your own personal grudge. Isn't it just because that little girl said you did something indescribable last time that you bear a grudge in your heart?" Mountain master he would never admit it, it was because he didn't eat the Green Jade Lotus root that he vented his anger.

Elder Jing was hopping mad. "You are spouting nonsense! I'm afraid that the bad thing will harm our primordial chaos sect. It's not some personal grudge!"

“Alright, the two of you, it seems that the meditation mission has been activated again. Let’s pay attention to Yun Chujiu’s performance!” Master Baili rubbed his forehead. Sigh, his heart is so tired! ! The old and the young, why can’t they be at ease? !

Only then did elder Jing fiercely glare at mountain master he and look at the shadow stone.

At this time, the three of them had just eaten for a short while in the meditation cave. Before they were full, they heard the voice of the task say, “Meditation task number two, it will be activated immediately.”

An Linchuan was furious. It wasn’t easy for him to eat Green Jade Lotus Root and green jade prawns, but now the task came again. Usually, the task wouldn’t come so frequently. Today was really unlucky.

Yun chujiu put the items into her storage ring and thought to herself. She did not know what kind of perverse method the second meditation mission was. Just thinking about it made her a little excited! Clearing the level was the most fun!

Just as Yun Chujiu was thinking about it, she saw countless arrows floating in the air from all directions. However, these arrows did not seem to be real. Instead, they seemed to be illusory.

The mission voice rang out with a notification, “This round of mission doesn’t allow spiritual attacks, doesn’t allow the use of spiritual energy shields, doesn’t allow the activation of defensive spiritual artifacts. Continue to hold on for four hours without getting hit by the arrows.”

What the hell?

Doesn’t allow spiritual attacks? Doesn’t allow the use of spiritual energy shields? Doesn’t allow the activation of defensive spiritual artifacts? ! Could it be that she was waiting to be shot into a porcupine?  
!

An Linchuan reminded her from the side, "Junior Sister Little Jiu, although there are many restrictions, you can use your weapon to hit these arrows. However, these arrows are endless. Senior Brother Shangguan and I have practiced for more than two months, but we can only last for an hour and a half."

Only then did Yun chujiu come to a realization. She had said that if she didn't use anything and there were arrows everywhere, she wouldn't be able to dodge them even if she wanted to!

Just as she was pondering, she heard the mission announcement. The arrows that were floating suddenly became sharp and shot towards the three of them!

If one looked closely, they would find that more than half of the arrows were shot towards Yun chujiu..
