

The Yun Family's Ninth Child is an Imp! Chapter 2806

The Savage dragon-headed turtle saw its son's disgusted look and began to feel sad. It growled in a low voice, making anyone who heard it feel sad and cry.

Hei xinjiu rubbed her nose uncomfortably and kicked the little bastard. "You son of a bitch! A dog doesn't care about its family's poverty, and a son doesn't care about its mother's ugliness. You actually think that your father and son are ugly? You really deserve to be taught a lesson!"

The Little Bastard was kicked so hard that it looked up to the sky. The Savage dragon-headed turtle immediately felt sorry for it. It roared angrily at Yun Chujiu twice. If it weren't for the fact that the little bastard had yet to accept it, it would have swallowed Yun chujiu directly.

"A kind mother is a spoiled child, and a kind father is the same! Why did you keep such a thing if you didn't teach it a lesson? You unfilial brat, what use do you have for it?!" Yun chujiu glanced at the savage dragon-headed turtle and said while pouting.

In fact, this bastard was a little guilty. If she hadn't established a spiritual connection with it when the little bastard broke his shell, the little bastard wouldn't have clung to her and ignored the savage dragon-headed turtle.

The Savage dragon-headed turtle was stunned by Yun Chujiu's words. How did the son of a turtle become the child of a bear? They were clearly not of the same breed, alright?

After the little bastard turned over, its two small eyes looked between the savage dragon-headed turtle and Yun Chujiu. In the end, it still firmly crawled towards Yun Chujiu. The beautiful father looked more pleasing to the eye.

When the savage dragon-headed turtle saw that its son once again firmly chose Yun chujiu, it was angry and sad. Therefore, it vented its anger on Yun Chujiu and opened its big mouth to bite her.

Before Yun chujiu could react, the little bastard blocked in front of Yun Chujiu and screamed shrilly. There were water arrows shooting out from its mouth.

Of course, his water arrows were nothing to the dragon-headed turtle of the wilderness. However, his son attacked him for the sake of outsiders. One could imagine how sad the dragon-headed turtle of the wilderness was.

Yun chujiu touched her nose. Was it more appropriate to acknowledge a thief as her father?

The bastard coughed and said, "Master turtle, calm down first. I think that when son of a turtle hatched, the first person it saw was me, so it couldn't help but feel a sense of familiarity. "Send the three of us away. After a long time, son of a turtle will naturally know that you are its biological father."

The Savage dragon-headed turtle really wanted to eat Yun chujiu and the other two, but it was afraid that the little bastard would hate it, so it could only nod and agree.

Thus, the savage dragon-headed turtle led the way, and Yun Chujiu and the other two followed behind with the little bastard.

Only then did Yun Chujiu realize that this was an island. No wonder the ground was filled with sand instead of soil.

This was also the reason why the savage dragon-headed turtle was at ease and left the eggs in the cave to find food. Because it was the absolute king of this island, the other demon beasts did not dare to go near its cave, how could it have thought that it would be plotted against by the grain reserve.

After exiting the cave, there was a beach. In the distance, there was a vast sea. It looked calm and peaceful, but Yun Chujiu knew that since there was such a perverted sea beast like the savage dragon-headed turtle here.., then the sea was probably not very peaceful.

This fellow tried the chopping board, but it could not fly at all. This meant that it was forbidden to fly here. It seemed that they could only take the sea route. It would be great if they could get the big bastard to give them a ride.

Therefore, hei xinjiu used her spiritual sense to say to the little bastard, "Bastard, let your father give us a ride. I'll give you candy to eat."

The Little Bastard was a little confused. Wasn't she its father? How did she become its sister again?
