

The Yun Family's Ninth Child is an Imp! Chapter 2809

Yun chujiu was so angry that she was twitching. She had thought that Shangguan Hao was reliable, but she didn't expect that he was even more unreliable than an Linchuan!

What do you mean you don't know? If you don't know, why are you still talking about it?

Shangguan Hao might have figured out what Yun chujiu meant, so he explained, "Junior sister Xiao Jiu, it's like this, because no one has ascended in our immortal Yuan continent for a long time. It must have been tens of thousands of years!

"Therefore, no one knows what the higher-level continents are like or what their names are. They must exist."

Yun chujiu nodded. Maybe there was no higher-level continent at all. These people were just trying to make a big cake for her!

"Eh? Look, there's a black dot in front. Is there an island? We can spend the night on the island. It's safer than the sea." An Linchuan pointed to the front and said excitedly.

Yun chujiu and Shangguan Hao looked in the direction of his finger. Indeed, there was a black dot in the distance. It grew bigger as they got closer.

However, Yun Chujiu soon realized that something was wrong!

Damn it!

How could an island move? It was clearly a huge sea beast!

Yun chujiu rushed into the cockpit and sped up the ship. She deliberately changed the direction and hoped that the sea beast did not find the three of them.

Unfortunately, although the sea beast was huge, its speed was extremely fast. Even if Yun Chujiu and the others changed the direction, they were still blocked.

An linchuan swallowed his saliva. “Junior sister Jiu, this... This is a level 45 sky-swallowing whale. Although it is not as powerful as that big bastard, the three of us are not its match. What should we do?”

At this moment, a huge wave shot out from the nostrils of the sky-swallowing whale. Yun Chujiu and the others were instantly thrown up several feet high, and then they were thrown upside down into the sea.

An Linchuan and Shanguan Hao, one of them had a fire spirit root and the other a gold spirit root. When they were in the water, they were just like landlubbers. Although they didn't drown with the help of their spiritual power, they were just flailing around randomly.

Yun chujiu quickly took out the water repellent bead and handed it to them. After the two of them activated it, they felt a little more at ease. No matter what, at least they would not drown.

An linchuan said excitedly, "Junior sister Jiu, you actually have such a good treasure like the water repellent bead? You really surprise me endlessly! Moreover, you gave it to us just like that? I'm really touched!"

Yun chujiu rolled her eyes. "This water repellent bead is very expensive. When we are out of danger, you have to pay me spirit stones, do you hear me?"

An Linchuan:"..."Let's Feed the dog the feeling!

At this time, the sky-swallowing whale also dived into the water, opening its bloody mouth and pouncing toward the three of them.

The three of them swam forward desperately, but how could they swim faster than the sky-swallowing whale? Soon, the distance became very close.

Yun chujiu blinked her eyes, took out a jar of ink, and poured it into the water. Instantly, the sea water turned pitch-black.

An Linchuan and Shangguan Hao were completely impressed. Emma, Junior Sister Jiu was really full of bad ideas. How could she come up with such a devious idea at such a critical moment? They had to be convinced.

Just as the two of them were about to swim forward with all their might, Yun chujiu signaled them to sink to the bottom of the sea.

The two of them were stunned, but they soon understood what Yun chujiu meant. The sky-devouring whale would definitely chase after them with all its might. Who would have thought that they would hide under its nose? Smart!
