

The Yun Family's Ninth Child is an Imp! Chapter 283

A cunning look flashed across Yun Chujiu's eyes. 'Gigolo, you actually pretended to be sick. Let's see if you still want to pretend this time!'

'I am so smart. The gigolo usually keeps a close eye on me, but today he actually took the initiative to send me away. There must be something fishy going on!'

When Yun Chujiu came back at night, she deliberately looked at the ground. Although Di Beiming had destroyed most of the footprints, Yun Chujiu still found a few residual footprints and immediately figured it out.

"Come, let me help you take off your belt!" 'How dare you pretend to be sick and lie to me?! Watch how I deal with you!'

When Di Beiming saw that Yun Chujiu was serious, he did not care if he was exposed. He directly grabbed Yun Chujiu's little claws that were already on the move. "Black Thing! Stop!"

Yun Chujiu pretended to be pleasantly surprised, "My idol, you can actually move? Are you okay?"

Di Beiming coughed and said unnaturally, "I guess it's because I'm in a hurry that my blood flow is unblocked!"

"My Prince Charming, then you have to thank me! If I didn't force you to take a bath, you might really be paralyzed! Shouldn't you show your gratitude?" Yun Chujiu blinked her eyes, taking credit.

Di Beiming was a little guilty, so he said, "Cough! It's really thanks to you this time! I'll give you a few more spiritual fruits tomorrow!"

“Prince Charming, how’s your internal injury?” Yun Chujiu secretly curled her lips. ‘What a stingy person!’

“My internal injury needs to be slowly treated, but it’s not a big deal anymore!”

“Prince Charming, since you’re fine, then I’ll participate in the new disciple trial the day after tomorrow! Those old guys don’t want me to participate. Hmph! I’ll just have to win the first place for them! I’ll definitely be Little Ancestor Yun!”

Yun Chujiu was initially conflicted about whether she should stay to take care of Di Beiming or go to the trial. Now that he was fine, she naturally had to participate in the trial.

Di Beiming was in the wrong, so he could not stop Yun Chujiu and could only say, “Then go! Safety first! I should also return. After I leave, if that red-robed fool still comes looking for you, just ignore him. With my threat, he won’t dare to do anything to you!”

Although Di Beiming said that, he was still a little uncertain. He decided to find something for Xue Wuji to do when he returned, so that he would not have the time to find trouble with Yun Chujiu.

Yun Chujiu said sourly, “Alright, you can continue to go back and choose your consort! I really didn’t expect you to be such a Prince Charming! On one hand, you’ve swore to stay by my side, and on the other hand, you’re out looking for flirtatious b*tches! HMPH!”

Di Beiming was stunned, and then he laughed, “Black Thing! When did I swear to stay by you? Besides, the whole concubine selection thing was just a joke. Are you actually jealous?”

“Jealous? I would never do such a lowly thing! HMPH! If you dare to steal my man, I’ll beat them until they can’t find their way! Besides, I’m so beautiful now. I’m not afraid that no one will pursue me!” Yun Chujiu climbed onto the bed angrily and lay down on the inner side.

“Black Thing, I’m warning you! After I leave, you better stop fooling around with me, or I will not forgive you!” Di Beiming felt that it was better for the black thing not to turn fairer. She was indeed a little more eye-catching.

Yun Chujiu pursed her lips and did not say anything.

“Black Thing, did you hear that?” Di Beiming poked Yun Chujiu, who had her back facing him.

“I’m asleep!” Yun Chujiu said proudly.

Di Beiming raised his eyebrows. “When I leave tomorrow, I’ll leave some delicious food for you. Be obedient!”

Yun Chujiu immediately turned around. “Really? My Prince Charming, I knew you were the best! I’ll be obedient and train hard. I’ll never be a womanizer! Can you leave some Spirit Stones for me too?”
