

The Yun Family's Ninth Child is an Imp! Chapter 2839

Yun chujiu glanced at an Linchuan. "It's already signed in black and white. How can it be a bluff? ! Let's go, let's go look for Labor Now!"

"Really? Where can we find it? There are no other islands besides chessboard island. Where can we find Labor?" An Linchuan's face was full of curiosity and confusion.

"We'll know when we get there! Let's Go!"

An Linchuan and Shangguan Hao saw that Yun chujiu was deliberately keeping them guessing. Although they were very curious, they had no choice but to follow her out of the Fairy Palace.

Although the islanders would not kneel down in front of Yun Chujiu, they all stopped and saluted to show their respect.

"TSK TSK, senior brother An, senior brother Shangguan, when did I get such treatment in the Hunyuan sect and the murderous Yuan sect?" A certain Jiu asked while stroking her chin.

The corners of an Linchuan and Shangguan Hao's eyes twitched. Although they had never seen how other disciples treated Yun Chujiu, from the things she had done, it would be good enough if no one shouted at her! She still had delusions of being respected by tens of thousands of people? In her dreams!

Seeing that the two of them did not make a sound, Yun chujia snorted coldly in her heart. Tsk! When the time was right, regardless of whether it was the primordial chaos sect or the murder origin sect, they had to be respectful to her. Otherwise, they would be disrespecting their elders and disrespecting their masters and ancestors!

When this fellow thought of the scene of thousands of people worshipping him, his face instantly turned into a flower and he felt that walking was much easier.

An Linchuan and Shangguan Hao were confused and they looked at each other. What kind of evil scheme was this guy trying to pull?

The three of them followed the pontoon and arrived on the beach. Although there were islanders guarding the beach, no one stopped them. Yun chujia called out the big boat. The three of them had just boarded the boat when they saw the five clan leaders running over.

The five old men shouted as they ran, "Your Highness, Your Highness, we are fine. Please take us with you!"

Yun chujia pursed her lips. She sounded nice, but wasn't she afraid that she would run away and leave them alone? They really didn't understand her. How could she run away without obtaining the spirit stone mine?

After the five clan leaders boarded the ship, one of them asked, “Your Highness, Shall We Go and look for help now? As far as I know, there are no other islands nearby. Should we go to a faraway place to look for help?”

Yun Chujiu said with a smile, “Well, I’m not sure either. Let’s try our luck! Maybe we’ll find it soon, or maybe we’ll have to spend more time.”

The five old men looked at each other. Why did it sound so unreliable? Where exactly was this little girl going to find help?

Two hours after the ship left the beach, an old man shouted in fear, “Sea Beasts! A large group of sea beasts is swimming towards us! Run!”

The other four old men were also in a panic. If they had known this would happen, they would not have followed her. This little girl’s Luck was too bad!

Although there were sea beasts near their chessboard island, there were very few sea beasts that appeared in groups. Now that they had encountered so many of them, they were really unlucky!

An Linchuan and Shangguan Hao were not as nervous as the five old men, but their expressions were solemn. Although there were no sea beasts above level 40 near the chessboard island, it was still very troublesome to deal with so many sea beasts.

When everyone was shocked, Yun Chujiu's face showed joy. "Look, isn't this the labor that came to us? ! I'll go and see if there are any suitable ones!"

After saying that, she jumped into the water and swam toward the sea beasts..
