

## The Yun Family's Ninth Child is an Imp! Chapter 2868

An Linchuan and Shangguan Hao were dumbfounded!

They thought they were dead for sure today! They didn't expect little ninth junior sister to have such a great weapon! Oh My God! Who is this person?

It looks like it's just a strand of spiritual sense, but a strand of spiritual sense can be so powerful? If this was the real me, wouldn't it be awesome?

From the way he spoke, why did it feel like little ninth junior sister was in love with him?

An Linchuan suddenly remembered what he had said. Only the blind would marry her. He immediately felt a cold breeze at the back of his neck as he prayed in his heart. Junior sister little nine must never mention this when she sees this fiend in the future., otherwise, he would not be able to save his little life!

The group ran all the way until they finally left the vast horizon before di Beiming's figure disappeared.

At the same time, Yun Chujiu's storage ring began to tremble.

“Quickly leave that place and take a detour back to the Primordial Chaos sect. Since the godfiend Temple wants to kill you, they probably have other plans,” a certain someone said sternly, he had wanted to protect Yun chujiu, but the distance was too far. By the time he arrived, it would be too late.

After Yun chujiu obediently agreed, she took out the map to check.

The route they chose was the closest. If they were to take a detour, there were several options. Yun Chujiu’s gaze finally landed on one spot, pointing there, she said, “We’ll go around here and then walk like this, like this.”

An Linchuan’s eyes widened. “Junior sister Xiao Jiu, are you sure? That’s the Canglan Snow Mountain! It’s said that the environment there is very harsh, and it’s difficult to move. Are We really going to pass through the Canglan Snow Mountain?”

Yun chujiu nodded her head firmly. “It’s precisely because of the harsh conditions of the Canglan snow mountain that we have to go through here. The people of the Divine Devil Hall must be thinking the same as you. They think that we won’t go through the Canglan Snow Mountain, so it’s the safest place. As for the harsh conditions, you don’t have to worry. I have my own ways.”

Although an Linchuan and Shangguan Hao still had reservations, they still followed Yun Chujiu to take a detour to the Canglan Snow Mountain.

When the three of them reached the foot of the Canglan Snow Mountain, they already felt a bone-chilling chill.

An Linchuan was shivering from the cold. "Junior Sister Xiaojiu, why don't you think about it again? This place is a no-fly zone. We can only climb over on foot. Even if there are no demonic beasts, the cold will freeze us to death!"

Yun chujiu threw two big cloaks to the two of them. She herself was not cold because the small flame kept heating up.

After the two of them put on the cloaks, they suddenly felt warm all over. An Linchuan touched the cloaks with his hands and said, "Junior sister Xiao Jiu, what kind of Demon Beast's fur is this? The effect of keeping warm is too awesome!"

Yun chujiu curled the corners of her mouth and did not say anything. Suddenly, Shangguan Hao sniffed and stumbled, almost falling to the ground.

"This, this, this can't be nine, nine..." Shangguan Hao was so excited that he could not even speak clearly. He could not believe that the cloak that Yun chujiu casually threw at them was actually the fur of the legendary nine-tailed fox.

Although he had never seen the fur of the nine-tailed fox, there were records in the ancient books. It was said that the fur of the nine-tailed fox was as white as snow, and it had a distinct characteristic, which was the faint scent of sandalwood.

It was ironic that the nine-tailed Fox was best at charm, but its body carried the scent of sandalwood in front of Buddha, so Shangguan Hao remembered this very clearly.

“Senior brother Shangguan, don’t care what kind of fur it is. Let’s hurry so that the Divine Devil Hall doesn’t react.”.

“By the way, these two cloaks are only for you. Don’t break them!”! Otherwise, the guy you saw before won’t forgive you.”Yun Chujiu said coldly.
