

## The Yun Family's Ninth Child is an Imp! Chapter 2896

After receiving the message from elder Chu, manager Zhong returned to the front. He saw Yun Chujiu and an Linchuan playing cards, and there was a circle of law enforcement disciples around them. The atmosphere was very discordant!

Manager Zhong's nose almost went crooked from anger!

After coughing twice, the law enforcement disciples immediately scattered back to their posts. Yun chujiu giggled, "Manager Zhong, it just so happens that we are short of one. Come, Let's fight the landlord!"

Fight the landlord? Fight your head!

After announcing master Baili's decision, manager Zhong said, "Junior Sister Yun, you can go back to the courtyard now! Our law enforcement department will arrange three groups of people to rotate every day to ensure your safety."

Yun chujiu curled her lips. He really valued her!

However, if he was willing to arrange people to guard her, then so be it. Anyway, if she wanted to come out, those people didn't dare to stop her.

Therefore, this guy forcefully dragged manager Zhong to play the landlord fight for four hours before leaving the law enforcement office with an Linchuan.

Manager Zhong's heart almost broke down!

He had every reason to suspect that Yun Chujiu and an Linchuan were in cahoots to cheat him of his spirit stones. Otherwise, why would he lose regardless of whether he was a landlord or a farmer?

On the way, an linchuan said guiltily, "Junior sister Xiao Jiu, I'm sorry. This is all my fault. If I hadn't dragged you to my secret territory, none of this would have happened."

"It has nothing to do with you. Those people deserve a beating. Besides, I feel like I've taken advantage of them." Yun chujiu yelled at an Linchuan in the morning to vent her anger. Now that this guy had vented his anger, it naturally turned into a sunny day.

Seeing that Yun Chujiu didn't seem to be lying, an Linchuan felt a little better in his heart. Then, he said in a low voice, "Junior sister Xiao Jiu, do you think that my father listened to your words? Otherwise, he wouldn't have gone to find Master Baili."

"Your father's motive is for your own good. He's just a little stubborn. He will understand. However, you also have a problem. How would your father know what you are thinking?"

“So you have to communicate with him often. You’re a father and son, not a cat and a mouse. What can’t you tell him? “Many things are not a big deal. It’s just that there’s a problem in communication.”

An Linchuan was thoughtful after hearing Yun Chujiu’s words. He thought for a moment and said, “Junior sister Xiao Jiu, what you said makes sense. I’ll go back and have a good talk with my father.”

After an Linchuan finished speaking, he disappeared without a trace.

Yun chujiu looked at an Linchuan’s back and shook her head. People could heal themselves, but others could not heal themselves. She said that other people were all well-behaved. Whenever she encountered a gigolo, her IQ would drop.

Thinking about it carefully, there was actually nothing serious between her and the gigolo. It was just that there were some communication problems.

If she had used a different method or told the gigolo in advance, perhaps the gigolo would not have such a big reaction.

However, the gigolo’s bad habit of running away from home and not returning the voice transmission talisman was really annoying. If there was a chance, he must be properly treated.

Yun chujiu strolled to the dormitory. Soon, the disciples of the Law Enforcement Department took up their duties and surrounded Yun Chujiu's courtyard.

However, when they saw Yun Chujiu's courtyard, they almost thought that they had found the wrong place. After confirming it again and again, they confirmed that they had not gone to the wrong place.

Damn, why was this servant's courtyard better than the inner disciples' courtyard?

However, they remembered what manager Zhong had told them. The future stability and unity of the primordial chaos sect were all on their shoulders. All of them widened their eyes, afraid that Yun Chujiu would sneak out of the courtyard and harm the primordial chaos sect.
