

## The Yun Family's Ninth Child is an Imp! Chapter 2902

Yun Chujiu finally sent away the two brainless fans. When an Linchuan left, he was very reluctant to part with them. If it wasn't for di Beiming's strong aura, this guy would have gone up and begged to be taken in.

Although Shangguan Hao was a little reserved, could you explain why his eyes were red like a rabbit's?

After the two of them left, yun chujiu said sourly, "Prince Charming, I think these two guys should like you more than me. Should I be jealous of them?"

Di beiming was obviously in a good mood at the moment. He said indifferently, "Although those two are a little useless, they are still passable."

Yun chujiu curled her lips. What was passable? It was flattery! Bah! Shameless!

In the evening, when Yun Chujiu was about to prepare dinner, an Linchuan's voice sounded outside the courtyard. "Junior sister Xiao Jiu, open the door! We are here to see you again!"

The corner of Yun Chujiu's eyes twitched. To see her? Probably to see a gigolo!

Yun chujiu opened the courtyard door. An Linchuan and Shangguan Hao jogged in. They greeted di beiming with excitement on their faces.

An Linchuan looked at the stone table in the yard with disdain and said, "Junior Sister Jiu, your stone table is too small! I can't even fit a few dishes on it. Fortunately, I have prepared something else. I brought a big table."

An Linchuan said as he made a big table and started to place the dishes on it.

The corner of Yun Chujiu's eyes twitched again. This table was indeed big enough. F \* ck, this table was not crowded even when there were twenty people around it. Aren't you flattering me a little too much?

The huge table was filled with all kinds of dishes, including fried, stir-fried, and fried dishes, an linchuan said attentively, "Master, time is limited. We only have time to prepare these few dishes. Please make do with them! I have already ordered the people in the kitchen to work overtime overnight. Tomorrow's breakfast will definitely make you more satisfied."

While an Linchuan was talking, Shangguan Hao used his sleeve to wipe the chair and then said attentively, "Master, please take a seat."

Yun Chujiu:" ..."

Damn, I really want to strangle these two brainless fans to death. What the hell? !

After di beiming sat down, an Linchuan and Shangguan Hao served him attentively on both sides. There was an excited look on their faces, as if it was a great honor to serve di beiming.

Yun Chujiu was speechless at the actions of the two brainless fans. She reckoned that the gigolo would never mention anything about her husband in the future. These two idiots were simply the Gigolo's concubines!

This fellow once again made up her mind to become stronger. Damn it, one day she would also have brainless fans, and they would be even more brainless than these two idiots. HMPH!

After dinner, Yun Chujiu gave several orders to kick them out. The two brainless fans acted as if they did not hear her and were reluctant to leave.

Di beiming said indifferently, "This venerable self is a little tired, you guys can go back!"

"Okay, Great God, we will go back now!"

"Okay, Great God, you should rest early!"

Then, the two idiots quickly left.

Yun Chujiu: "..."

"Prince Charming, may I ask how it feels to have two brainless fans?" A certain Jiu asked sourly.

Although di beiming had never heard of brainless fans, he roughly understood what Yun Chujiu wanted to express. He said lightly, "I have no feelings, no other feelings. I'm used to it."

Yun Chujiu: "... can't you just pretend to be dead?"
