

The Yun Family's Ninth Child is an Imp! Chapter 2904

An Linchuan continued to express his admiration for a certain God. Shangguan Hao, who was beside him, also showed an expression of worship.

“Ahem, okay, I know how much you admire our young and our Prince Charming. But now that he has left, can we play landlord for a while?”

An Linchuan said with a resentful tone, “Junior Sister Little Jiu, the almighty once said that he wanted us to cultivate properly. How Can You Waste Your Time? Hurry up and go cultivate. We’ll help the Almighty keep an eye on you.”

“That’s right, junior sister little jiu. Although you’re very smart, your spiritual power is still too weak. Don’t be playful in the future. Hurry up and cultivate! Don’t disappoint the Almighty’s expectations of you.”

A certain jiu:“...”

Heavens! No wonder the pretty boy did not repeat the eight character mantra several times when he left this time. It turned out that he had arranged some brainless fans to keep an eye on her. How ruthless!

From that day onwards, an Linchuan and Shangguan Hao took turns to keep an eye on a certain Jiu's cultivation. As a result, the disciples of the law enforcement department were so touched that they could not help but be touched.

They felt that an Linchuan and Shangguan Hao had been keeping an eye on Yun chujiu in Yun Chujiu's courtyard for the sake of the stability and unity of the primordial chaos sect and for the long-term peace and stability of the primordial chaos sect. As expected of a true disciple., they really had the ability to see the big picture and the spirit of dedication.

For several days in a row, Yun Chujiu had been obediently cultivating in the courtyard. Everyone in the primordial chaos sect felt that things had suddenly calmed down a lot.

Especially the law enforcement department, they felt that they were so bored that they were almost moldy!

On this day, the peaceful life had been broken!

The Alliance army that was battling with the nightmare clan in the far west had fallen into the nightmare clan's scheme, resulting in a crushing defeat and heavy casualties.

Many experts sent by the super aristocratic families blew up their Dantian and all died in battle!

Many experts of the sky bearing alliance blew up their Dantian and all died in battle!

Many elders sent by the killing origin sect blew up their Dantian and all died in battle!

Many elders sent by the chaos origin sect blew up their Dantian and all died in battle!

It was precisely because of these people's self-sacrifice that temporarily prevented the Yan clan from crossing the final barrier of the human race. Otherwise, once the Yan clan crossed the final barrier of the human race, they would scatter all over the immortal origin continent., at that time, it would be even more difficult to catch them all in one fell swoop.

When the news arrived, the entire immortal essence continent was plunged into grief, indignation, and fear. No one had expected that the Yan clan had become so powerful in the past tens of thousands of years, even faintly surpassing the strength of the demon race.

The most important thing now was to continue to send cultivators to stop the Yan clan's advance. Otherwise, once the Yan clan crossed the barrier, the consequences would be unimaginable.

As two super sects, the Hun Yuan sect and the killing Yuan sect were naturally the first to bear the brunt.

However, in order to prevent the Divine Devil Hall from taking the opportunity to play tricks, they still left half of their people to guard.

As a small handyman in the big kitchen, Yun Chujiu naturally didn't need her to charge into the battle. However, an Linchuan and Shangguan Hao, as core disciples, were duty-bound.

They usually enjoyed better treatment than others, so they naturally had to be the first to charge in when they were in danger.

Before the two departed, they came to bid farewell to Yun Chujiu. An Linchuan had changed from his usual cheerful and cheerful manner, he said very seriously, "Junior sister little ninth, we might not have the chance to meet again after we leave. You're just a handyman, so it's not your turn. Just stay in the primordial chaos sect obediently.

"Even if the Yan clan really breaks through the human's defensive line, the primordial chaos sect will be safe because of the sect's protective array. When the God comes out, you will have the amulet and you will be safe."
