

## The Yun Family's Ninth Child is an Imp! Chapter 2908

Leng Kui felt that he had vented his anger. He deserved it! Let's see how this bad news bag is going to show off!

Yun Chujiu regretted it. If she had known that there was a requirement for spiritual power, she would have secretly adjusted the spiritual power level to the first level of the spiritual void tier!

She rolled her eyes and said, "Uncle, although my spiritual power is not high, I have a specialty! "I can cook with fire. People are made of iron and rice are made of steel. In this war, the logistics work is also very important. Please take me as a cooks' army!"

The middle-aged man from the itinerant cultivator alliance hesitated for a moment. Although cultivators always brought dry food with them, it would still be good if they could eat warm food. So he said,

"Well, in that case, I'll take you in! Later, I'll arrange a few people with low spiritual power to form a cooks' army with you. You guys go and buy some cooking utensils and ingredients. When the time comes, I'll leave the cooking to you."

Leng Kui, who was standing at the side, twitched the corner of his mouth. How could this work? However, this guy was a fire-burning girl in the Chaos Origin sect and a fire-burning girl in the murder origin sect. He did not expect that he was still a fire-burning girl now. She and the fire-burning girl were really fated!

Just when Leng Kui was cursing in his heart, he heard Yun Chujiu say with a smile, "There's no need to find someone else. My brother and I can do it alone."

Leng Kui did not realize that the brother that Yun Chujiu was talking about was him. When the middle-aged man changed the jade plate in his hand to the cooks' Army Leng Kui, he almost lost his breath!

Hei Xinjiu also got a jade plate with the words "Cooks' Army Leng Xiao Jiu" written on it.

This guy dragged the livid Leng Kui along with the spiritual stones that the middle-aged man had transferred to him and bought pots, pans, and many other ingredients on the street.

Leng Kui's face turned ashen as he said, "Yun Chujiu, what do you mean? ! If you're willing to be the Cooks' army, you can be it yourself. Why did you drag me along?"

"Brother, I'm called Leng Xiao Jiu now. Don't call me that! We're brother and sister. Of course, we have to be together! Besides, what's wrong with being the Cooks' army? "Everyone in the loose cultivator alliance has to leave us alone. If anyone offends me, I'll put laxatives in their food."

Leng Kui: "..."

He really wanted to strangle this guy to death? This scourge was just messing around here!

Although Leng Kui was unhappy, it was already a fact, so he could only swallow his anger.

Two days later, the unaffiliated cultivator alliance recruited thousands of people and sailed into the far west sand sea.

Yun chujiu suddenly thought of an important question. F \* ck, there were only two of her and Leng Kui. How could they take care of so many people's food? It was already good enough to take care of the food for a hundred people!

Fortunately, the middle-aged man, Feng Zhi, found her and said, "Leng Xiao Jiu, you and your sister are only in charge of the food for the first team. I have arranged for the rest of the food for the other two teams."

The reason why Feng Zhi arranged it this way was that the people in the first team were all itinerant cultivators with high spiritual power. They were very arrogant.

He felt that Yun Chujiu was smart and should be able to handle it, so he let her and Leng Kui be in charge of the food in the first team.

Although Yun Chujiu's cooking skills were not that good, her mouth was sweet. Moreover, those itinerant cultivators did not pay much attention to the desire of their stomachs. As long as they could have a warm mouth, it was enough. Therefore, they managed to handle it smoothly for two days.

As they went deeper into the sand sea, the environment became more and more terrible. During the day, it was as hot as a stove, but at night, it was bone-chilling. Although these itinerant cultivators were all cultivators, they still complained endlessly.

A certain Jiu was the only one who was fine. She was still alive and kicking like a happy rabbit!
