

## The Yun Family's Ninth Child is an Imp! Chapter 2909

Since Yun Chujiu and Leng Kui were the cooks' army of the first team, they followed behind the first team and naturally enjoyed a lot of benefits.

For example, when they encountered demonic beasts or demonic insects, the spirit energy of the first team's itinerant cultivators was the highest and they could end the battle very quickly. Moreover, Yun Chujiu and Leng Kui didn't need to do anything. The two of them could just wait at the back.

Moreover, although these itinerant cultivators didn't have a sect, the fact that they could cultivate to such a high level of spiritual power meant that they had their own outstanding points and were quite wealthy.

Therefore, they would occasionally give Yun chujiu and Leng Kui some rewards, such as elixirs and spirit fruits.

As the successor disciple of Master Xiahou, Leng Kui naturally didn't like these things. However, in order to avoid causing trouble, he still thanked them and accepted them.

As for Hei Xinjiu, she never complained that she had too much money, so she naturally accepted them with a smile.

This way, someone's red-eyed disease would be triggered!

Especially the cooks from the other two teams, they were also cooks, so how could Leng Kui and his sister cook for the first team? They had to cook for the second and third teams?

Also, some people from the third team felt that Yun Chujiu and Leng Kui had a relationship, so they went to cook for the first team. How despicable!

Thus, there were many gossips.

“That Leng Kui is still passable. Although she can’t reach the Spirit Power Standard of the first team, she can still meet the Spirit Power Standard of the second team. However, that Leng Xiao Jiu is only at the sixth level of the Ling Xuan Realm. What right does she have to be the vanguard of the first team?”

“That’s right! I think she didn’t go to resist the Yan clan at all. She must have some ulterior motives. Maybe she wants to find a senior with high spirit power to be her disciple.”

“Pui! She didn’t even look at herself in the mirror. Although she’s good-looking, her aptitude is so poor. Who would take her in as a disciple? ! It’s more like taking her in as a concubine!”

..

When Leng Kui heard these rumors, he wanted to find someone to fight. Although he looked down on Yun Chujiu, no matter what, Yun Chujiu was still considered half a member of the Shi Yuan sect. He naturally couldn't just sit by and do nothing.

Unexpectedly, Yun Chujiu stopped him. "Those who are clear are clear. There's no need to waste your breath on them. There's no need."

Leng Kui was really a little surprised. He thought that with this troublemaker's character, she would definitely cause a big scene. He did not expect her to be so calm.

Just because Yun chujiu wanted to calm things down did not mean that some people would be tactful. Just as Yun Chujiu and Leng Kui were preparing dinner, two people came over to find trouble with them with unpleasant expressions.

"TSK TSK, is this food for humans? How dare you call yourselves the Cooks' army?" One of the men with a garlic nose said.

San Jiaoyan, who was standing beside him, sneered and then echoed, "That's right! If you know your place, then switch with us. Go and cook for the third team!"

The voices of the two people were very loud and soon attracted a crowd of people. Among them, there were some who wanted to see Yun Chujiu make a fool of herself. They hugged their shoulders and came over to watch the show.

Leng Kui's face was gloomy. Just as he was about to argue with the two of them.., yun chujiu laughed lightly. "The food we cook is not for humans? The seniors of the first team have been eating for a few days. Could it be that they are not humans? "Also, if you want to trade with US and let us cook for the third team, then aren't the people in the third team humans?"

Garlic choked and said in a flustered and exasperated manner, "You Stinky Girl, you're so eloquent! Let me tell you, you have to change today, even if you don't want to!"

At this moment, Feng Zhi heard the commotion and rushed over.
