

The Yun Family's Ninth Child is an Imp! Chapter 292

The single-horned demon lizard's huge eyes flashed with a trace of cunningness, and then it nodded.

Yun Chujiu threw the desert scorpion's demon core in her hand and then quickly ran forward.

The single-horned demon lizard's tongue nimbly flew up and down, catching all the demon cores that Yun Chujiu deliberately threw in all directions into its mouth. Then, with a strong push of its hind legs, it actually jumped up and landed in front of Yun Chujiu, blocking her.

Damn it! She knew that the ugly reptile was greedy and shameless!

Yun Chujiu showed an expression of deceive. "Lord Lizard, you can't be like this! You've already eaten my demon cores. Why do you still want to eat me? You're not being honest."

The single-horned devil lizard showed a contemptuous look. 'Not being honest? We can be honest after I eat you!'

The devil lizard stretched out its huge tongue and moved toward Yun Chujiu.

Yun Chujiu continued to throw the desert scorpion's demon cores while hiding. Seeing that there were more demon cores to eat, the single-horned demon lizard immediately changed its target and started to eat the demon cores with its tongue.

Yun Chujiu took the opportunity to turn around and run away.

However, it was obvious that the struggle was futile. The single-horned demon lizard soon caught up with her again. Yun Chujiu had no choice but to throw more demon cores again.

Just like that, Yun Chujiu saw that she had fed all of the demon cores from her storage ring to the one-horned demon lizard, yet she did not get far.

The single-horned demon lizard caught up with the miserable girl once again!

Seeing that Yun Chujiu did not throw more demon cores at it, the demon lizard knew that the girl did not have anymore left. It opened its mouth wide and stretched out its tongue toward Yun Chujiu.

“Stop it! Keep your tongue! I have something to say! Besides, I can’t escape from your tongue. Don’t tell me you don’t even dare to let me have a few words?!” Yun Chujiu dodged the single-horned demon lizard’s tongue in a fluster and said while panting.

The single-horned demon lizard naturally did not care much about Yun Chujiu, this insignificant dish. It retracted its tongue and stared at Yun Chujiu with its huge eyes.

“Demon Lizard, do you want to leave this arcane realm? I see that you’re powerful. You’re probably the most unique in this whole desert, right? Then we have a problem! You’ll probably never find a suitable partner in your life!

“If you made yourself lesser just to find a lowly partner, it’ll be unfair to your descendants! How about we make a deal? Don’t kill me, and I’ll take you out of the arcane realm to find you a beautiful lizard.”

The single-horned magic lizard was dumbfounded!

What?

What was this human girl talking about?

Looking for a partner?

A beautiful lizard?

The single-horned magic lizard's face turned red. Up until then, it was still a virgin lizard!

Damn it! This human girl must have said this on purpose to humiliate it! 'I won't let her off!'

The single-horned devil lizard flew into a rage out of humiliation. It stuck out its huge tongue and swept it toward Yun Chujiu.

"Oh, males and females should be married. What's there to be shy about?! Let me tell you! With your looks, you won't be able to get a wife for the rest of your life."

The single-horned demon lizard was so angry that it felt like it was about to faint. This little girl had been trying to curry favor with it and beg for mercy. Why did she suddenly change the way she talked? It must consume her!

"Looking at your ugly appearance, I reckon that only a female toad would be interested in you! It's a pity that you don't have that species here, so you should just give up on that idea!"

The single-horned demon lizard wished it could swallow Yun Chujiu in one go. However, although this little human girl's spiritual power was low, her movements were too damn agile! It could not catch her! Damn it!

Yun Chujiu secretly estimated the time in her heart and finally smiled. "Ugly reptile, do you think I'm afraid of you? Take this! Little Jiu Thunderbolt!"
