

## The Yun Family's Ninth Child is an Imp! Chapter 2924

"Nonsense! Besides, I didn't change my name. They knew it was me the moment they heard it. And this Leng Xiaojiu of yours, they knew it was you the moment they guessed it!"

Leng Kui felt that although this little girl was full of evil intentions, she was really a useless name maker. She didn't even know how to use a pseudonym. She directly said his name. She had created a Leng Xiaojiu of her own. This was no different from directly telling others! What was the difference between their identities? !

"Isn't that simple? I'll change your name! You Don't have to be called Leng Kui anymore, you can be called Leng da tu instead!"The useless naming felt that his name was pretty good. After all, when Kui was taken apart, it would be da Tu!

Leng Kui was so angry that he was twitching!

Leng da Tu?

He was the personal disciple of the sect master of the murder essence sect. How could he call himself Leng da tu, such a lame name? Even if it was a fake name, he couldn't do it! Not even if he was beaten to death!

“Senior brother Leng, I think this name is pretty good. This way, no one will doubt your identity!”  
Besides, the vast desert couldn’t use talismans, so they didn’t know that we were here. They wouldn’t think that it was us.

Senior Brother Leng, you disobeyed orders this time. If you don’t do something earth-shattering, Master Xiahou will definitely punish you.

“Moreover, you are the number one person among the younger generation of the murderous origin sect. Don’t you want to prove your strength? “If you go to the Allied army, with so many old fellows, will you still be able to show off? ”...”

Under Hei Xinjiu’s boisterous words, the miserable Leng Kui vaguely agreed to the name of Leng Dadi.

By the time Leng Kui wanted to go back on his words, it was already too late. Hei Xinjiu had already threatened all the people in the loose cultivator alliance to erase the name of Leng Kui from their minds and completely replace it with Leng Dadi!

Leng Dadi, who had just come out of the oven, had no choice but to recognize this name. After all, he was wearing a mask, so the people of the alliance wouldn’t be able to recognize him.

Finally, on this day, the loose cultivator alliance left the extreme west desert sea and arrived at the vast desert.

The entrance of the vast desert was guarded by the people of the Alliance. When they saw the banners fluttering in the distance, thousands of people lined up in a line. They were even more disciplined than the armies of the secular world. Which faction was this?

That was not right. The Shi Yuan sect, the Hun Yuan sect, and all the big aristocratic families had already sent people over. Moreover, they had sent thousands of people at once. Even small sects did not have the strength to do so!

At the front of the group was a woman wearing a silver mask. She wore a red dress and looked like she was on fire against the wind. Lie Yan was wearing a silver mask. \* cough cough \* her spiritual power was a little low. was she at the sixth level of the Lingxuan realm?

With such a low spiritual power, she couldn't be the leader of this faction, right?

Just as the disciples on duty were puzzled.., someone from the group cupped his fists and said, "We are the unaffiliated cultivator alliance of the immortal essence continent. This is our leader Leng Xiaojiu. We Are Here to help the Alliance."

The disciples on duty of the Alliance suddenly realized that these people were all unaffiliated cultivators. No wonder there were so many of them. However, weren't itinerant cultivators always free and undisciplined? Why were the people of the Alliance of itinerant cultivators even more disciplined than their alliance army?

However, their alliance leader looked very young, and his spiritual power was so low. were they playing around?

Although the disciples on duty muttered in their hearts, they still politely cupped their hands toward Yun chujiu and the person who spoke. Then, they said, "We will send someone to pass the message right away. Please wait a moment."
