

The Yun Family's Ninth Child is an Imp! Chapter 2948

Alliance Master Yan pondered for a while and then asked for the opinions of the others in the meeting tent.

Everyone had different opinions. Some were inclined to kill the father and son of the fan family to establish military might, some were pleading for the father and son of the fan family, and some were silent.

They had no choice but to raise their hands to vote in the end.

In the end, the result was 10 to 10, which meant that half of the people agreed to kill the father and son of the fan family, and the other half agreed that the head of the fan family would use money to buy his life.

Alliance Master Yan was confused. What should they do with this draw?

At this moment, heixinjiu said, "Alliance Master Yan, I haven't voted yet!"

The crowd was stunned. They then realized that Leng Xiaojiu had been sitting on the stool to watch the show and had not raised his hand to vote. If it were before today, this guy's words would not have any weight, and perhaps he would not even have the right to vote.

However, things were different now. The unaffiliated cultivator alliance had made a great contribution. If it wasn't for this Leng Xiao Jiu, they wouldn't be able to sit here peacefully. They would have been badly beaten by the Yan clan long ago.

Alliance master Yan said politely, "Alliance Master Leng, since you didn't vote just now, do you prefer to kill the fan father and son or spare them?"

Yun Chujiu said with a smile, "It depends on the sincerity of the fan family."

After saying that, hei xinjiu looked at the fan family's master with a smile and didn't continue.

The people in the meeting tent didn't realize what she meant? What did she mean by the sincerity of the fan family's master?

The fan family's master was also dumbfounded. Although he hated Yun Chujiu to death, his son and grandson's lives were in her hands now. He could only swallow his anger and ask, "Alliance Master Leng, what do you mean by sincerity?"

Hei Xinjiu tossed a spiritual stone in her hand and curled her lips, saying, "TSK, tsk. Head of the fan family, our brothers in the Freelance Martial Artist Alliance have gone through a lot of trouble to clean up your son and grandson's mess.

“Some of our brothers are even seriously injured. Don’t you think that the fan family should express their gratitude?”

Everyone:” ...”

This little girl was not the leader of the unaffiliated cultivator alliance. She was simply a bandit leader! What was the difference between this and an open robbery? Wasn’t she clearly trying to blackmail the leader of the fan family?

The leader of the fan family almost spat out another mouthful of blood. He gritted his teeth and asked, “How much do you want?”

Hei xinjiu counted with her fingers and said,

“There are 3,628 people in the unaffiliated cultivator alliance. Each of us has 100,000 high-grade spiritual stones, which is a total of 336,280,000. I’ll give you a 99,811 discount. If you round it up, you can just give me 400,000,000 spiritual stones.”

The head of the fan family was so angry that he almost fainted!

400,000,000 spiritual stones? You really dare to ask for it!

He only gave one billion high-grade spiritual stones to the Coalition army, but this brat actually wanted to extort 400,000,000 high-grade spiritual stones from him? Besides, shouldn't it be three hundred million? Why was it four hundred million? Did she not know how to count?

Just as the head of the fan family was about to refuse, he heard Hei Xinjiu say with a smile, "Head of the fan family, don't you think it's a little expensive? Let me tell you, it's not expensive!"

"Don't forget that I have the recording stone that fan jiquan spouted nonsense with. If you don't give me money, I will choose a place with more people to put it. By then, your fan family will be famous!"

The head of the fan family gritted his teeth and said, "Good! Good! League Master Leng is indeed courageous and knowledgeable. I admire you! Deal!"

"You flatter me, head of the fan family! Come, don't waste time. Give me the spiritual stone first. I will raise my hand immediately! I will give you the money and the goods!" Hei Xinjiu said with a smile.
