

The Yun Family's Ninth Child is an Imp! Chapter 2958

"Alliance Master Yan, what I said is true and not a joke. When I went to check the various checkpoints today, I discovered that the Yan clan's encampment opposite..."

Yun chujiu recounted what had happened. Seeing that she did not look like she was joking, Alliance Master Yan got someone to gather mountain master Zhuo and the others over. Then, he got Yun Chujiu to recount her thoughts.

When everyone heard Yun Chujiu's words, they immediately exploded!

The head of the fan family hated Yun Chujiu to death in his heart. Now that he finally had an opportunity, he naturally wouldn't let it go., he sneered and said, "Alliance Master Leng, although your judgment last time was correct and you've made a great contribution, you can't be too arrogant. The Yan clan isn't a fool. How could they do such a stupid thing?"

"Besides, the Yan clan could have mobilized their troops after nightfall. Why did they gather their troops last night?" "Aren't they afraid that we'll find out?" "Moreover, your judgment is only based on the splendor grass and bushes. This is too childish."

The others also echoed, "Yes, Chief Leng. Your deduction is too arbitrary. The Yan clan is cunning and cunning. How could they make such a low-level mistake?"

“You scolded them, but they didn’t say anything. They just saw through your intentions, so they didn’t fall for it.”

“And those splendor grass and bushes. They probably stepped on them when they passed by, so they can’t be counted.”

..

No matter how Yun Chujiu explained and proved, apart from Mountain Master Zhao of the Fire Peak, no one else agreed with Hei Xinjiu’s thoughts.

Hei Xinjiu was furious!

As expected, what she said was right. They weren’t afraid of a god-like enemy, but they were afraid of a pig-like opponent. Such a good opportunity to heavily injure the nightmare race, yet they didn’t grasp it. This was truly infuriating!

Just as Yun Chujiu was about to say something..., the head of the fan family coldly snorted, “Is this an excuse for your alliance to be afraid of the Nightmare Race launching an attack? Do you think we are all fools? “If you are afraid of death, you should say so as soon as possible. It’s not like our alliance doesn’t have people.”

Yun chujui narrowed her eyes and said, "The head of the fan family really has sharp eyes. You are right. Our Alliance is afraid of death. "Since the head of the fan family is so brave, he can take over our alliance! "Our freelance martial artist alliance can have some free time."

Alliance Master Yan quickly tried to smooth things over. "Alliance Master Leng, the head of the fan family doesn't mean that. Your Freelance Martial Artist Alliance is brave and good at fighting. Why would you be afraid of the Nightmare Clan?"

"Alliance Master Yan, you think too highly of our freelance martial artist Alliance! Our freelance martial artist Alliance isn't a regular army to begin with. Naturally, we're not as brave as the Alliance army.

"I was too embarrassed to mention it at first, but now that the head of the fan family has suggested it, I will take advantage of the situation.". "The baleful wind gap is easy to attack but hard to defend. Our loose cultivator alliance doesn't want to defend anymore. Either give us another pass, or give us a few days off and let us rest."

At first, Alliance Master Yan was still trying to persuade her, but after he had said all the good words, Yun chujui still looked like a scoundrel. Alliance Master Yan was also furious!

"Alliance Master Leng, since your unaffiliated cultivator alliance is so cowardly, there's no need for you to help guard the pass. Go ahead!"

Yun chujiu shrugged indifferently, "Go ahead, go ahead. Alliance Master Yan, quickly send someone to replace us. Our unaffiliated cultivator alliance has been training too hard recently. Find a place to rest and recuperate."

Alliance Master Yan was absolutely furious. He slammed the table, "I will immediately send someone to replace your unaffiliated cultivator alliance. Go ahead, I won't send you off!"
