

## The Yun Family's Ninth Child is an Imp! Chapter 2993

Yun Chujiu didn't pay attention to that Idiot Meng Yanshou. She raised her head and looked around. There was nothing but the Moon in the sky. Then, the problem came. Where was the teleportation array from before?

How was she going to return? Could it be that she would become the only human in this dark continent in the future?

"Curly hair, the teleportation array from before has disappeared. How are we going to leave this place?"

Meng Yanshou said listlessly, "I've never been to this dark continent. I don't know how to leave either. It's said that it was the demon race who helped the Yanshou people to leave."

Yun Chujiu didn't have much hope at first, so she wasn't too surprised to hear Meng Yanshou say that.

She looked around and found three bird eggs and some feathers in the bird nest. Since there were birds here, there shouldn't be any restrictions on flying. Thus, this fellow took out a chopping board and flew out of the bird's nest unsteadily.

Mm. When this fellow was about to leave, he had originally wanted to steal a bird egg. However, after thinking for the sake of unnecessary trouble, he had only kept the few feathers into his storage ring.

This fellow looked around in midair. This place seemed to be within a mountain range.

However, it made sense. Since there were no more nightmare clansmen, their territory was naturally occupied by the Nightmare Beasts. They didn't know if the original city of the nightmare clansmen was still there or not. Perhaps they could find some clues from there.

After flying for three whole days, they encountered a few nightmare beasts along the way. However, those nightmare beasts probably hadn't seen such food before or they felt that the food was too small. In short, they didn't attack Hei Xinjiu.

On this day, Hei Xinjiu was sitting on the chopping board, happily eating wild fruits. Suddenly, her eyes widened, and she pulled Meng Yanshou out of the spiritual beast bag.

"Curly hair, open your rabbit eyes and take a look. What's that down there? ! Didn't you say that there were only nightmare beasts here? What's that? !"

Meng Yanshou rubbed his red eyes with his claws. eh? It was actually a member of the nightmare race down there? How could there be a member of the nightmare race here? Didn't they say that they had gone to the immortal Yuan continent back then?

“Little fairy, I’ve only heard about it, so it’s inevitable that there will be some discrepancies. It’s good that there are people. Perhaps they know where the teleportation array is!” Meng Yanshou said in a fawning manner.

Yun chujia rolled her eyes. No matter what, she had to first make up an identity to sneak in, and then slowly plot her way in.

The people of the Yan clan below had obviously seen Yun chujia as well.

After all, what they had seen before were all people riding swords. This was the first time they had seen a chopping board!

“Curly hair, aren’t you able to seduce the Yan Qi? When you need it later, you can make a few strands for me. Do You Hear Me?”

Meng Yanshou obediently agreed. Only then did Yun chujia order the chopping board to fall to the ground.

Yun chujia did not dare to speak first. If these people were speaking in the ancient language of the Yan clan, she would be exposed.

One of the elders smiled and said, "##%?"

Yun Chujiu: "..."

What she was afraid of came true! What should she do now?

This fellow was quick-witted. He used his hand to point at his throat and then pointed at his ear. He used his hand to gesture a few times, indicating that he could not speak or hear.

Those people took a look. It turned out to be a deaf-mute. How pitiful.

Those people looked at the clothes on Yun Chujiu and shook their heads. This little girl was probably very poor. Even poor people like them wore much better clothes than her.

Actually, the clothes on Hei Xinjiu's body were originally good. However, for the sake of picking wild fruits, not only was her face dirty, but her clothes were also tattered and dirty. Before she had the time to change, she saw these people.

The old man said a few words to the others, then waved at Yun chujiu and made a hand gesture to follow them. Hei Xinjiu couldn't ask for more. She nodded her head gratefully and followed these people out of the valley.
