

The Yun Family's Ninth Child is an Imp! Chapter 3037

Meng Yanshou said obsequiously, "Good, good, then I'll Leave Now! I'll help you keep an eye on the little fairy!"

Meng Yanshou heaved a sigh of relief. No matter what, he had temporarily passed this hurdle.

When Meng Yanshou reached the outside of the cave, Yun Chujiu was interrogating The Bull Lion Beast.

"Daniel, let me ask you, where is the thousand-leaf golden-grade lotus in the fallen God Abyss?" Yun chujiu asked.

Although the Bull Lion Beast didn't think much of the name "Daniel", it was at least much better than a hybrid breed, so it tacitly agreed.

It thought for a while and said, "This god Perishing Abyss is very big. My territory is only in the periphery of the god Perishing Abyss. I've never dared to enter it, so I don't know where there is a thousand-leaf golden-grade lotus.

"However, I heard that there is a big lake in the center of the god Perishing Abyss. Maybe there is a thousand-leaf golden-grade lotus there. "However, the deeper you go, the more dangerous it is. I advise you not to go in."

Yun chujiu asked a few more questions and found that the Bull Lion Beast didn't know anything. She had no choice but to return to the cave.

Hei xinjiu first kissed di beiming's lips and then said casually, "Little beauty, I've asked the Bull Lion Beast just now. It doesn't know anything about the situation inside. What should we do next?"

Di beiming automatically filtered out the title of little beauty. He thought for a while and said, "The fallen God Abyss will only appear for two months, and the exit is in the Big Lake inside."

"If we can't get out in two months, we don't know how long it will take for us to get out again. However, I don't have any spiritual power now, and it's difficult for me to walk. If we go in, I'm afraid that we will be doomed."

Hei xinjiu blinked her eyes and said, "It's okay. I can let Daniel Carry You. Let's go to the territory next door and explore the way first. If it really doesn't work, we don't have to go in. Anyway, with the little beauty accompanying me, I'm willing to stay here for the rest of my life."

Di Beiming's heart warmed, and just when he was about to say something., hei xinjiu continued, "It's just because of Gou Weiba that we can't have sex every day. It's such a pity! Otherwise, this young master will definitely satisfy the little beauty. It's not a problem for us to have sex dozens of times a day."

Di beiming:"..."

Do You Think You're a Lion? Dozens of times!

No, it should be him who wants to have sex dozens of times. F * ck, I don't want to talk anymore!

Di beiming's gloomy face was about to flare up when Hei Xinjiu leaned over and kissed him again. "Little beauty, I'll go out and arrange Daniel. Then we can set off."

Di beiming was speechless as he looked at Hei Xinjiu's back. He gritted his teeth. Patience was a virtue. He had to endure it!

Hei Xinjiu went outside and fixed a soft cushion on the back of the Bull Lion Beast. Anyway, the Bull Lion Beast was very big. Not to mention di beiming, even two people lying side by side would not be a problem.

After Yun Chujiu made the necessary arrangements, she returned to the cave and said slyly, "Little beauty, I have already prepared the transportation for you. I will carry you out now."

Di beiming had already broken the jar and did whatever he wanted. Anyway, he had remembered every single stroke. It was not too late for a gentleman to take revenge.

Yun chujiu saw that di beiming was actually calm. This guy blinked his eyes and used his hands to support his body. He looked down at di beiming and said, "Little Beauty, let's make out again before you come out of the cave!"

Hei Xinjiu said and went to untie di beiming's clothes. A certain someone could not stay calm anymore!
