

## The Yun Family's Ninth Child is an Imp! Chapter 3061

Hei Xinjiu was so angry that she could not accept it. However, she had no choice but to admit defeat:

“Dear Prince Charming, I was wrong! I have once again realized my mistake!

“I will definitely change in the future! “Well, can you untie my shackles?”

Di beiming looked at Hei Xinjiu's pitiful appearance and sighed. He waved his hand and Hei Xinjiu regained her freedom.

This fellow quickly put on his clothes. Although he wanted to strangle di beiming to death, he still smiled and said, “Prince Charming, come, I will serve you.”

Di beiming raised his eyebrows. He obviously knew what Yun Chujiu was planning, but he did not expose it and allowed Hei Xinjiu to curry favor with him.

After breakfast, Hei Xinjiu helped di beiming massage his shoulder and said, “Prince Charming, since you have punished me and scolded me, Can You Forgive Me Now?”

Di beiming said casually, “From the day I was poisoned to yesterday, it has been thirty-five days. You can pay back your debt slowly. There's no hurry.”

Hei Xinjiu:“...”

If she had the chance to do it all over again, she would still choose to play tricks. She did not care about the long-term relationship and only cared about the feeling of being able to torture a gigolo whenever she wanted. It was so F \* cking awesome!

Hei xinjiu adjusted herself and then calmly changed the topic, "Xiaomei, ah, Prince Charming, when are we going back to the Immortal Yuan continent?"

"Xue Wuji and an Feng, those two idiots, have persisted for such a long time. It's better for me to rush back as soon as possible. There's no time to lose. Let's set off now," di beiming said.

"Has brother Wuji's seal been broken a little?" Hei Xinjiu asked with concern.

"A part of it has been broken. Otherwise, I wouldn't have come to the dark continent with peace of mind. But..." di beiming hesitated.

Hei xinjiu asked impatiently, "But what?"

"A few months ago, Xue Wuji disappeared for two days for some unknown reason. I thought he was in danger, but he came back on his own.

"From that day on, that idiot was just fooling around. "I thought he was poisoned, but I didn't find anything unusual."

Yun chujiu blinked her eyes. "TSK! Isn't that simple? Maybe he met someone on the day he disappeared! When I see him, I'll interrogate him!

"By the way, Prince Charming, did brother Wuji's personality change after he broke the seal?"

Di beiming curled his lips. "What changes can there be? He's still so stupid!"

Yun Chujiu:"..."in the eyes of a gigolo, no one was not stupid! Narcissistic Maniac!

When the two of them were about to set off, hei xinjiu looked at buttface and started to worry!

Princess Wang You was not a good person. If she were to find buttface, she would definitely seek revenge. How would she settle buttface?

She did not expect buttface to take the initiative to say, "Little Fairy, you and the Lord can leave without worry. I'm just a small guard. Moreover, after such a long time, the people in the imperial palace probably have forgotten what I look like.

"If I shave off my full beard, they won't be able to recognize me. "At worst, I'll just stay far away from Han City."

Yun chujiu thought about it and agreed. Emperor Yan would definitely not bother a guard like him out of boredom. Princess Wang You wouldn't be able to stir up any trouble, so he left a lot of pills and nightmare stones for buttface and told him to be careful.
