

## The Yun Family's Ninth Child is an Imp! Chapter 3065

Of course, Ao Ji did not have the time to bother with Hei Xinjiu, so he asked the guard to hand her over to Butler Luan of the Crown Prince's mansion.

Ao Ji's original intention was for Butler Luan to find a doctor to treat Yun chujiu, and then send her away. However, it just so happened that a subordinate was looking for him to report the matter, so he did not go into detail.

Therefore, after the guard saw Butler Luan, he only gave a brief account of the matter and then left.

Housekeeper Luan was now in a difficult position!

If he did not explain clearly, how was he going to arrange for this ugly girl?

Housekeeper Luan thought that since this ugly girl adored the Crown Prince and the Crown Prince had brought her back, perhaps the crown prince really liked this kind of girl.

No wonder the crown prince had been chaste for so many years. It turned out that his tastes were different from others!

Thinking of this, housekeeper Luan asked the maid to arrange for Hei Xinjiu to stay in Mo Lanxuan, which was next to Ao Ji's courtyard.

Hei Xinjiu did not know housekeeper Luan's inner world. She was still puzzled. Although Ao Ji was not very good, the quality of the servants in the Crown Prince's residence was not bad. They were actually so polite and respectful to her.

This guy thought that Princess Pian Pian would definitely arrange for people to wait outside the Crown Prince's residence to kill her, so he decided to stay in the Crown Prince's residence for a few more days.

After Princess Pian Pian Pian and the others let their guard down, she would think of a way to leave the Crown Prince's residence.

This fellow had always been ambitious. In any case, she had food, drinks, and people to serve her. It was simply wonderful.

As for di beiming, he could sense that she was fine through the jade token, so he would not be too worried.

Thus, this fellow settled down in the Crown Prince's residence with a peace of mind.

Ao Ji was busy all day long, so he had long forgotten about Hei Xinjiu.

He had forgotten, but Princess Pian had not forgotten. She had heard that that ugly freak had not only stayed in the crown prince's residence, but had also stayed in the courtyard next to Ao Ji's. She was so angry that her eyes turned red.

It was not easy, but those B \* stars from the four great families had all died. Now, an ugly freak had come out to compete with her for the Crown Prince's brother. This was simply outrageous!

Thus, just after breakfast that day, Princess Pian Pian came to the door aggressively.

Ao Ji had left early in the morning, so Princess Pian Pian had missed him. She said to butler Luan arrogantly, "Who told you to arrange for her to stay in Mo Lanxuan? How dare you! Call that ugly freak over!"

Butler Luan was a third-grade official in front of the Prime Minister. She was usually someone everyone fawned over, so when had she ever been reprimanded like this. ! He was very dissatisfied with Princess Pian Pian, but he did not dare disobey the order, so he personally came to Mo Lanxuan.

“Miss Ye, Princess Pian Pian wants you to go over,” Steward Luan said politely.

Hei Xinjiu naturally would not say her real name, so she used ye Xiaoxiao’s fake name back then. This fellow felt that her name was very good! Ye Xiaoxiao turned out to be this young master, Hahaha!

When Hei Xinjiu heard that Princess Pian Pian was looking for her, she was immediately overwhelmed with drama.

This fellow’s face revealed a terrified expression. “Housekeeper Luan, Princess Pian Pian tried to kill me the last time in the Nightmare Lord’s land. She must be here to kill me this time. Please save me!”! Princess Pian Pian killed people at will. It was too terrifying! “Can I not go?”

Housekeeper Luan said with difficulty, “Miss Ye, Princess Pian Pian has a noble status. If you don’t go, I’m afraid she will personally bring people here.”

Hei Xinjiu looked like she was about to cry. “Housekeeper Luan, I beg you, please give me a way out!”! “If Princess Pian Pian sees me, she will definitely kill me!”! “Is there a back door to the Crown Prince’s residence?”? I’ll go out through the back door and hide. I’ll come back when she’s gone.”
