

The Yun Family's Ninth Child is an Imp! Chapter 311

Yun Chujiu was overjoyed when she heard the word 'compensation'. However, she put on a troubled expression and said, "Furry, your situation is really special. If you want me to help you, you have to answer my next question truthfully."

Furry quickly said, "Ask ahead, Savior. I'll tell you everything I know!"

"How old are you this year?" Yun Chujiu began to gather information silently.

Furry counted for a long time. "I can't really remember. Maybe ten thousand years old."

Yun Chujiu nodded and thought to herself, 'Ten thousand years old and still so stupid. How odd!'

"How long has this mystical realm existed?"

"I don't know. It should be at least hundreds of thousands of years old!" Furry had failed to answer two questions in a row. It could not help but feel ashamed and its black fur slowly turned pink.

"Why are the Four Great Sects holding the mirror fragments? The disciples in the spirit enhancement stage can enter after they cast the seal?" Yun Chujiu was very curious about this. She really could not figure out the reason. Could it be that the mirror fragment was the key?

"They are holding the Void Mirror Fragments. This mystical realm was originally a space within the Void Mirror. However, eight fragments of the Void Mirror were lost! The fragments taken by the Four Great Sects came from the same origin as this mystical realm. That was why the mystical realm accepted them.

"However, they only have the small fragments. They can only allow disciples in the spirit enhancement stage to enter!" Finally a question it could answer! Furry immediately told her everything it knew.

At Furry's pleased look, Yun Chujiu could not bear to look straight into its eyes! 'Stupid! Too stupid! You've revealed your true nature! As a black-hearted master, I'm not going to ask for some simple compensation! I will abduct this mystical realm and you!'

Yun Chujiu's expression did not change. In her heart, the sun was shining brightly and a hundred flowers were blooming! 'I only wanted to scam some spiritual herbs off it. I did not expect this mystical realm to be part of the Void Mirror! Oh heavens and earth, no matter what, I will take this mystical realm and the furball today!'

Yun Chujiu suppressed her excitement and frowned as she said, "I see! This is a difficult situation! You said you're a realm spirit but in fact, you're a weapon spirit, just like Little Flame in my rolling pin! Little Flame can leave the rolling pin for a short distance, but not too far! If I bring you out to play, you won't be able to go far!"

Little Flame immediately understood what Yun Chujiu meant and flew out from the rolling pin.

"Furry, although I can't be too far away from my main body, I can follow Master on the journey! Moreover, I not only get to play, she also feeds me a lot of delicious food! Grilled meat, spirit fruits..."

Little Flame's narration made Furry salivate. 'Damn it, Yun Chujiu was right! The heavens was trying to trick me! After so many years, I've never tasted anything other than spirit fruits! No matter what, I'll leave this damned place today!'

"My savior! I want to be like Little Flame! Take me with you!" Furry stretched out its claws and hugged Yun Chujiu's calf, unwilling to let go.

"This, this..." Yun Chujiu had a troubled expression. "That's not right! It'll only work if you let the mystical realm form a contract with me. If that's the case, I'll be your master! Wouldn't you rather be free?"

“I’m willing! Master! You’re my dear Master! I beg you, Master, please accept me!” Furry looked like it would cry if she did not accept it.

“Alright! I’m just too soft-hearted! Although you’re kinda useless and this broken mystical realm isn’t much, I’ll take you in since you’re adorable!” Yun Chujiu looked very reluctant.

The rolling pin trembled a few times!

‘Master, is it really good for you to be so bad-hearted?’

‘I finally understand what Stockholm Syndrome is. Helping you trap Furry is an example!’

‘How can this spirit be so stupid?!’

‘No, I was also trapped in a similar fashion. It’s not us who are stupid but my master who is too treacherous! It is simply impossible to win against her!’
