

The Yun Family's Ninth Child is an Imp! Chapter 3165

The head of the fan family was both shocked and afraid. This wretched girl's spiritual power was obviously lower than his, so why was she stronger than him?

The head of the fan family had no choice but to release his spiritual beasts. A spiritual tiger and two spiritual leopards ferociously pounced towards Yun Chujiu.

Yun chujiu did not say a word and directly released her spiritual piglet. When the spiritual piglet was about to dissipate, da hua lazily came out.

The three spirit beasts of the fan family head were already trembling, let alone fighting. They almost knelt down and begged for mercy.

"Da Hua, kill this old thing!"

Yun Chujiu's current goal was to lure the purple-masked woman out. As for the fan family head, she really didn't put him in her eyes.

Just as the fan family head was being beaten back by Da Hua, a woman's figure flashed past and slapped da Hua.

Da Hua did not think much of it and did not even Dodge. Instead, she took the blow from the woman directly.

Unexpectedly, Da Hua's huge body was immediately dispersed by the palm strike.

Yun chujiu frowned. Although da Hua only had half of his spiritual power left, this purple-masked woman actually dispersed da Hua with one palm strike. Her strength was indeed terrifying.

Yun chujiu sized up the woman a few times and felt that she looked somewhat familiar.

The purple-masked woman directly took off the mask on her face. “Yun Chujiu, after not seeing you for a few years, you are still as useless as ever! I said that I will definitely seek revenge on you. Today is the day we settle the score.”

“Su Yanran?” TSK TSK, after not seeing you for so long, you still miss me so much? If you like me, just say it out loud. Why do you have to create so many things to attract my attention? !”Yun chujiu hugged her shoulders and said with a smile.

Su Yanran obviously did not expect Yun chujiu to be so shameless, she snorted coldly. “You’re just playing with your mouth! Previously, you ruined the good things of our Divine Devil Hall a few times. Do you know why I didn’t do it myself? Because I’m rushing to cultivate. I want to kill you with my own hands!”

“Tsk Tsk, your obsession with me is actually so deep!” It’s indeed the depth of love and responsibility! Well, I don’t understand. Putting aside the matter of the Divine Devil Hall, we don’t have the hatred of killing our father or stealing our husband. Why Did I provoke you? Why do you have to kill me?”Yun Chujiu’s face was full of confusion and helplessness.

Su Yanran was stunned by Yun Chujiu’s question. She thought about it carefully. It seemed that Yun Chujiu really did not provoke her. If there was a personal grudge, it was because she did not like Yun Chujiu!

Why did this trash steal the limelight that belonged to her? Why did this trash easily gain the favor of everyone? Why did this trash always encounter opportunities that others could not wait for?

The more Su Yanran thought about it, the more indignant she felt. Her beautiful face was filled with jealousy. “Yun Chujiu, cut the crap! Regardless of whether we have a personal grudge or not, you have repeatedly ruined the matters of the Divine Devil Hall. You deserve to die!”

As Su Yanran spoke, she was about to make a move, Yun Chujie stretched out her claws. "Wait! I still have one last question. What is your relationship with the person who tore through the Void to save you? "That person must be the lord of the Divine Devil Hall. TSK Tsk, I'm very curious. Are you his lover?"

Su Yanran was so angry that her face turned red. "Bullsh * T! I must kill you today!"

"Aiyo, why are you so angry from embarrassment? If not, then not! Why did you leave so excitedly? ! Anger hurts the body ! I was wondering why you age so quickly. I almost thought you were your mother just now!" Yun Chujie said with a smile.
