

The Yun Family's Ninth Child is an Imp! Chapter 3208

Xi Hua and Xi Xue looked at each other. They felt that the little devil in the room should not be so quiet. After all, her illness was all an act.

Just as they were thinking, the bedroom door was pushed open. When they saw the person who came out, their eyes widened in surprise.

She was dressed in red and her eyes were arrogant. Although this person was still the same person, why did it feel like she was a completely different person?

Although the original Miss Jiu was very good-looking, she always felt that she was still childish and careless. However, the woman in red in front of them was so dazzling that people could not take their eyes off her.

When the two of them were stunned, they saw hei xinjiu frowning slightly. She covered her chest with her hand and coughed twice. "Why aren't you coming over to support me? Do you want to see your Miss Faint?"

Xi Hua:"..."

Xi Xue:"..."

How could she change her expression so quickly. ! She was so arrogant a moment ago, but in the next moment, she turned into a pitiful sick beauty. This ninth miss was really a monster.

Yun chujiu took a few steps forward weakly and said, "Let's go. Let's go to the birthday banquet. As a granddaughter, it's not right for me not to go."

“Miss Jiu, but no one informed us? If we go rashly, won’t we make the princess unhappy? Besides, you didn’t prepare a birthday gift,” Xi Hua said weakly.

“She’s unhappy? It’s better if she dies of anger! Don’t care so much. Come, you two support me. I don’t even have the strength to walk now,” Hei Xinjiu said weakly.

Xi Hua cursed in her heart. She didn’t have the strength? She had eaten more than the two of them. Did she eat all that food into the dog’s stomach?

Xi Hua and Xi Xue supported Hei Xinjiu out of the courtyard and slowly walked towards the hall where the birthday banquet was held.

Xi Hua and Xi Xue wanted to walk faster, but Hei Xinjiu was like a boneless person. She was almost carried forward by the two of them.

The two of them felt as if their minds had been blown away. Their master had been tormenting them for a day, but they had to carry Hei Xinjiu when they could have walked on their own.

Hei Xinjiu said in a low voice, “Are you cursing me in your heart? You think I can walk, but you’re carrying me?”

Xi Hua and Xi Xue were so frightened that their faces turned pale. This little devil couldn’t read minds, so how could she always guess what they were thinking.

Yun Chujiu laughed lightly. “Who knows if there are spies around here, so it’s better to be careful.”

Yun Chujiu added silently in her heart. A good show must come to an end. If she didn’t stall for time, how could she make a grand entrance? !

Her biological father, Yun Fengjin, was the god of War of the East Phoenix Kingdom. Although his life and death were unknown now, as his daughter, she naturally wouldn't embarrass him.

Even though she was only a weakling at the eighth layer of the spiritual space realm, even though she was alone and helpless, even though she was currently "Weak and sickly", Yun Fengjin and ye Lan's daughter could have nothing, but she could not lose her pride.

The things that should have belonged to her father, and the things that belonged to her mother, had to be obediently spat out. There was still time in the future, so there was no rush. Take your time.

At this moment, in the hall, the main event of the birthday banquet was being held. The Yun family's juniors were sending birthday gifts one after another.

Among the juniors, Princess Xi Yue was in the limelight. Not only did she give the old princess a very expensive tianxuan snow ginseng, but she also played a song.

Everyone repeatedly praised Princess Xi Yue for her filial piety, superb zither skills, and so on. In short, all of them were full of praise.

Seeing that her daughter was so capable, even though Zheng Shi tried her best to hide it, her face still revealed some complacency.

At this moment, a few soft coughs came from outside the door..
