

The Yun Family's Ninth Child is an Imp! Chapter 3225

Xi Hua's legs gave way and she almost collapsed to the ground.

Although Yun Chujiu's expression was indifferent, xi hua felt that it was even more frightening than Zheng Shi's cold threat. She finally could not take it anymore and knelt on the ground with a plop.

"Ninth miss, please spare my life! Ninth Miss, please spare my life! I, I was forced by the Princess! If I don't do as she says, she will kill my entire family. It doesn't matter if I die, but I can't just watch my parents and younger brother be killed by the Princess!"

Xi Xue was shocked and quickly knelt to the side. She could not help but feel a little sad. The children of her family were not as good as the orphans she bought. The lives of her parents and family were in the hands of her masters, she had no ability to resist.

Yun chujiu glanced at Xi Hua. "I am not your proper master. Compared to your relatives, I am naturally the one who has been abandoned. Get Up!"

Xi Hua could not believe her ears. Was it over just like that?

Under normal circumstances, shouldn't she be handed over to the old princess and take her life?

"Which dish was poisoned?" Yun chujiu asked faintly again.

Xi Hua pointed at the bowl of soup on the table with a trembling finger. "Only, only the soup was poisoned."

Yun chujiu nodded. "Go find Zheng Shi now and say that I suddenly became filial and brought the soup to the old madam. You Didn't Stop Me."

Xi Hua looked at Yun Chujiu in disbelief. "Jiu, Miss Jiu, you, what are you going to do?"

Yun chujiu glanced at her. "If you want to protect you and Xixue's family, you have to do as I say. Otherwise, do you think the Zheng family will spare your family if I Die?" "You are too naive. You will get rid of the root of the problem. Not only will you and your family die, but Xixue's family will also die!

"Moreover, the crime is already done. It is you who poisoned me. No matter how bad I am, I am still the Miss of the Yun mansion. Naturally, your family will not be able to escape."

Xi Hua was stunned at first, then her eyes widened in horror. The more she thought about it, the more frightened she became. The Princess' methods were ruthless. She would definitely do as the ninth miss said. So, what should she do now?

While Xi Hua was stunned, Xi Xue said to her, "Sister Xi Hua, now we can only listen to the ninth miss. In any case, we are all going to die. At least we don't have to bear the reputation of poisoning and killing our master."

Xi Hua gritted her teeth and said to Yun chujiu, "Ninth miss, as long as you can save the lives of me and Xi Xue's entire family, my life will belong to you from now on."

Xi Xue nodded repeatedly at the side. They had no choice but to believe in this ninth miss in front of them. This ninth miss even took care of Zhang Mama and manager Liu. She should be able to do it this time, right?

To be honest, Xi Hua and Xi Xue were really uncertain. The imperial consort, Zheng Shi, could be said to be able to cover the sky with one hand. Even the old imperial consort would not easily go against her. Could the ninth miss do it?

Yun chujie slightly raised her eyebrows. "What use is it for me to take your life? ! What I Want is your loyalty. This time, because your relatives were coerced, I will give you a chance. If there is a next time, I guarantee that there will not be a single living thing left in your house."

Xi Hua and Xi Xue repeatedly agreed. They could clearly feel the murderous intent released by Yun Chujie. For some reason, they felt that this ninth miss was even more terrifying than the princess consort.

Yun chujie glanced at the two of them. "If you follow me, you may not have other abilities, but you must know how to put on an act. If you fail to put on an act today, you and your family will die. Do you understand?"
