

The Yun Family's Ninth Child is an Imp! Chapter 3339

This girl was really too cocky!

Even if the East Feng Kingdom did not forfeit, they would not be able to get the first place in this spiritual power competition, alright?

Emperor Nan Xuan snorted coldly, "Your Majesty Fenghua, even if your East Feng Kingdom takes part in the spiritual power test, there is a high chance that you will still be in fourth place. So, don't say anything nice. It Can't be that your East Feng Kingdom doesn't dare to take part in the competition, right?"

Yun chujiu spread out her hands, "Alright, since your Majesty Nan Xuan insists on it, just pretend that I didn't say what I said just now. However, don't worry, the three of you. I have already instructed our contestants to show mercy during the competition."

Emperor Nan Xuan and the other two were so angry that they couldn't help but snort. This girl was really too infuriating!

Very soon, the time for the last spiritual power test was up.

The method of the spiritual power competition was very simple. Each country would send three contestants and then fight in pairs until the final winner was chosen.

Compared to the first five competitions, the fighting scene of this competition was obviously more attractive. Everyone's eyes were fixed on the competition stage.

Yun chujiu lazily sat on the chair. She had been tormented for the past two days, and the three winners of the team were naturally all dressed up by her.

Earlier on, this fellow had found many precious medicinal herbs in the warehouse of the Imperial Palace of the East Phoenix Kingdom. Among them, there was the Thousand Leaf Celestial Grade Lotus, which was even more effective than the thousand leaf gold grade lotus.

This fellow had been fiddling with it for a period of time, and finally, he had created a few improved disguise pills.

Every disguise pill had a different appearance after being consumed. This was also the reason why no one suspected that the winner of the team was a single person.

Of course, another reason was that this guy changed his spiritual power level every time he pretended to win. Therefore, except for a few people under Commander Pang, no one knew that he was pretending to win all three times.

During the Beast Taming competition, she once wanted to let Xiao Heiniaoyao or the phoenix egg leak a trace of its aura to make the blood-sucking warblers yield. Later, she felt that it was a bit risky, and it would be bad if people found out.

Therefore, in the end, she still fooled those blood-sucking warblers.

Yun Chujiu felt a little sleepy as she watched. In her daze, she heard someone shouting loudly on the stage.

“Didn’t your East Phoenix Country take first place three times? Why are all of you becoming grandsons in this spiritual power competition? Don’t say that you are giving way to me. If you have the ability, don’t give way to me!”

Yun chujiu opened her eyes and looked up. There was only one contestant from the South Dragon Kingdom left on the competition stage. Obviously, he was the final winner.

Yun chujiu somewhat understood why this contestant was so noisy. The South Dragon Kingdom and East Phoenix Kingdom had also taken first place in three events. Unfortunately, during the beast taming competition, Bi Xuying had obtained 100 points in an instant, the Southern Dragon Kingdom could only settle for second place.

Therefore, this contestant was also showing off a few words in order to vent the resentment in his heart.

Yun chujiu had always been indifferent to this kind of indifferent provocation. Since he was willing to be a clown, then let him be.

The subjects of the East Phoenix Kingdom were obviously as big-hearted as their emperor. They booed and jeered from the audience, not taking that person's provocation seriously at all.

The contestant on the stage obviously did not expect such an outcome. He said in a flustered and exasperated manner, "HMPH! They really are a bunch of shameless people!

It's not that I'm boasting, but let's not talk about trash like you guys right now. Even if Yun Feng Jin is still alive, he's still not my match! What Bullsh * T War God? It's just an undeserved reputation!"
