

The Yun Family's Ninth Child is an Imp! Chapter 3348

Prime Minister Sima said with some hesitation, "Your Majesty, although I have guessed a little, I still can't figure it out. Did you deliberately bring Emperor Nan Xuan and the other two here to make them be wary of the well-wood kingdom?"

Yun chujiu sneered, "I'm not that kind-hearted! What does it have to do with me whether they are wary or not? ! I brought them here to let them experience what it means to be cold when the lips die, and what it means to be sad when the rabbit dies!"

Prime Minister Sima obviously still did not understand, or rather, he did not dare to think deeply about it. He said hesitantly, "Then, what's the use of that?"

"The South Dragon Kingdom is good at making talismans and arrays, the West Wu Kingdom is good at refining weapons, the North Xuan Kingdom is good at Beast Taming, and our country has the iron cavalry, the Yun family army.

"As long as we are fast enough, our four countries can completely annex the other six countries. When that time comes, even if the spirit power of the Jing Mu Kingdom is higher than ours, we may not be able to say who will win," Yun Chujiu said with a cold tone.

In fact, prime minister Sima had already guessed a hint of it, but when Yun Chujiu said it, his legs were still a little weak. He said with a trembling voice, "Your... Your Majesty, you... You are not joking, right?"

Yun chujiu glanced at him. "Do you think I'm Dreaming?"? When I first came from the Immortal Yuan continent, I was unfamiliar with the place, and no one in the Yun mansion liked me. Didn't I still become the female Emperor of Zephyr? "There's nothing impossible.

"You saw it on the street just now. The spiritual power of the people of the Jing Mu Kingdom isn't much higher than ours. Even if there are some masters, it's still difficult for two fists to fight against four hands. It's not like we don't have a chance to take advantage of them.

“This is probably the reason why the second-class countries strictly forbid the people of the third-class countries from entering. It’s because the second-class countries aren’t as powerful as we thought.”

“Besides, I didn’t buy so many pills and talismans just now because I had money to burn. I wanted to see what level of alchemy and talismans their jingmu country has. It’s just so-so.”

Prime Minister Sima was stunned when he heard this. So it turned out that their majesty had learned so much after going out for a meal? Their Majesty’s wisdom and courage had simply surpassed the limits of human understanding. Yes, she was simply not human!

Although prime minister Sima was somewhat convinced by Yun Chujiu’s words, he still felt that Yun Chujiu had a good idea. However, it was easier said than done. Firstly, Emperor Nan Xuan and the other two might not agree.

After all, the Jing Mu Kingdom had not made any moves against the Three Kingdoms. They did not need to take any risks.

Obviously, Yun Chujiu could see through prime minister Sima’s thoughts. She curled the corners of her lips slightly. “I know what you are thinking. Don’t worry. Even if the Jing Mu Kingdom doesn’t have any intentions towards the other three kingdoms, I will make him have intentions.”

Prime Minister Sima silently lit three big red candles for Emperor Nan Xuan and the other two. These three people were really unlucky!

In the evening, someone from the imperial palace brought Yun Chujiu and the other three people out of the inn and arrived at the Imperial Palace of the Jing Mu Kingdom.

The banquet was arranged in the meeting hall. It was brightly lit inside. As soon as the four of them entered, everyone looked at them.

As they were here to meet the emperor, Yun Chujiu and the other three were dressed formally. Yun Chujiu wore a red dragon robe and a jade crown on her head. She had a domineering aura and attracted everyone's attention.

Yun chujiu and the other three walked to the front of the hall and bowed, "Greetings, your Majesty Mu Xuan."

Emperor Mu Xuan did not say anything. Lord wu sneered and said, "Your Majesty, don't you know that you have to kneel and worship to meet our Emperor?"
