

## The Yun Family's Ninth Child is an Imp! Chapter 3382

Shang liangxin slapped his thigh. "Your Majesty, this must be some kind of evil formation! I heard that some evil formations must be supplemented with human blood or demonic beast blood. That B \* Tch must have set up some kind of evil formation in Jialing City."

When everyone heard Shang Liangxin's words, they instantly felt their hair stand on end. The city walls were covered in blood. How many people and Demonic Beasts had they killed!

No wonder only Yun Chujiu came out. The rest of the people couldn't have been killed by her, right?

Such an evil formation must be very powerful. Fortunately, they didn't attack rashly.

Jing Jiahong looked a little grim. He immediately took out the sound transmission talisman and asked Emperor Mu Xuan to help him find out what kind of evil formation this was and how to break it.

Empress Jiu, who was sitting on the city wall, was holding a basin and continuing to pour the red liquid on the city wall. As she poured it, she mumbled, "This vermillion fruit juice is the best! What a pity!"

Prime Minister Sima followed suit and poured the juice on the city wall with a dumbfounded expression. He felt that their majesty was most likely not in good spirits!

Why did this fine fruit juice have to be poured on the city wall? Wouldn't it be better to keep it for drinking?

He couldn't hold it in any longer and asked, "Your Majesty, why did you do this?"

"Of course, it's to increase the sense of mystery! Otherwise, how could I deceive the 90,000 soldiers of the Jingmu Kingdom with just my dry hands!" Yun chujiu said painfully as she poured the juice on the city wall.

Mystique?

Could This thing work?

Although prime minister Sima was skeptical, he still continued to help Yun chujiu splash water on the city wall.

Ever since he followed the emperor, his days were getting more and more exciting! His old heart!

Since Jing Jiahong didn't find out what kind of evil formation this was, he temporarily gave up the idea of letting the vanguard team investigate. Hei Xinjiu finally caught her breath for the time being.

The guy counted with his fingers and thought about the next step. He felt that it would be best to delay it for another two days. Therefore, he smeared a few drops of fruit juice on his face and some on his hands before he showed his face on the city wall.

"Hey! The grandsons of the Jing Mu Kingdom, Come On! Attack the city! Are You Afraid of Me? !"

"Jing Jiahong, you are the Crown Prince of a country. How dare you be as timid as a mouse? Come and attack the city if you have the ability!"

"Jing Jiahong, do you want to be a coward all the time? Come on! I happen to want to kill someone right now!"

..

Jing Jiahong listened to Yun Chujiu's words and saw that her face seemed to be splashed with human blood. He suddenly felt a chill in his heart. She urged them to attack the city so anxiously. Could it be that she wanted to use their blood to continue setting up the evil formation?

The more Jing Jiahong thought about it, the more he felt that Yun chujiu must have set up a terrifying evil formation in Jialing City. He could not give the order to attack until he found a way to break the evil formation.

Yun chujiu cursed for a while. When she saw that it was almost time, she continued to sit on the city wall and eat the spiritual fruits leisurely.

The next day, Jing Jiahong received a message from Mu Xuan. It was basically saying that even if it was an evil formation, all the blood should be injected into the blood pool.

Therefore, even if there was fresh blood on the city wall, it should not be an evil formation. It was very likely that the enemy had set up a suspicious formation.

Although Jing Jiahong was still skeptical, he still ordered Shang Liangxin to lead a part of the vanguard to investigate.

Yun chujiu blinked her eyes when she saw someone coming to attack the city. She jumped down the city wall and opened the city gate. Then, she stood at the city gate and said with a smile, "Come on! You Don't have to attack the city anymore. Just come in!"

Prime Minister Sima:" ..."

Your Majesty, I haven't lived long enough! I don't want to Die!
